GENERAL PLAN INFORMATION	74

INTRODUCTION

This document is a description of Arkansas Higher Education Consortium Benefits Trust (the Plan). No oral interpretations can change this Plan. The Plan described is designed to protect Plan Participants against certain catastrophic health expenses.

Coverage under the Plan will take effect for an eligible Employee and designated Dependents when the Employee and such Dependents satisfy the Waiting Period and all the eligibility requirements of the Plan.

The Employer fully intends to maintain this Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue or amend the Plan at any time and for any reason.

Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, deductibles, maximums, copayments, exclusions, limitations, definitions, eligibility and the like.

The Plan believes that it is a "grandfathered" health plan under the Patient Protection and Affordable Care Act ("Health Care Reform"). As permitted by Health Care Reform, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Plan may not include certain consumer protections of Health Care Reform that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections under Health Care Reform such as the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Failure to follow the eligibility or enrollment requirements of this Plan may result in delay of coverage or no coverage at all. Reimbursement from the Plan can be reduced or denied because of certain provisions in the Plan, such as coordination of benefits, subrogation, exclusions, timeliness of COBRA elections, utilization review or other care management requirements, lack of Medical Necessity, lack of timely filing of claims or lack of coverage. These provisions are explained in summary fashion in this document; additional information is available from the Plan Administrator at no extra cost.

The Plan will pay benefits only for the expenses incurred while this coverage is in force. No benefits are payable for expenses incurred before coverage began or after coverage terminated. An expense for a service or supply is incurred on the date the service or supply is furnished.

No action at law or in equity shall be brought to recover under any section of this Plan until the appeal rights provided have been exercised and the Plan benefits requested in such appeals have been denied in whole or in part.

If the Plan is terminated, amended, or benefits are eliminated, the rights of Covered Persons are limited to Covered Charges incurred before termination, amendment or elimination.

This document summarizes the Plan rights and benefits for covered Employees and their Dependents and is divided into the following parts:

Eligibility, Funding, Effective Date and Termination. Explains eligibility for coverage under the Plan, funding of the Plan and when the coverage takes effect and terminates.

Schedule of Benefits. Provides an outline of the Plan reimbursement formulas as well as payment limits on certain services.

Benefit Descriptions. Explains when the benefit applies and the types of charges covered.

Care Management Services. Explains the methods used to curb unnecessary and excessive charges.

This part should be read carefully since each Participant is required to take action to assure that the maximum payment levels under the Plan are paid.

Defined Terms. Defines those Plan terms that have a specific meaning.

Plan Exclusions. Shows what charges are **not** covered.

Claim Provisions. Explains the rules for filing claims and the claim appeal process.

Coordination of Benefits. Shows the Plan payment order when a person is covered under more than one plan.

Third Party Recovery Provision. Explains the Plan's rights to recover payment of charges when a Covered Person has a claim against another person because of injuries sustained.

Continuation Coverage Rights Under COBRA. Explains when a person's coverage under the Plan ceases and the continuation options which are available.

ERISA Information. Explains the Plan's structure and the Participants' rights under the Plan.

The Plan is obligated to pay Clean Claims.

PLAN ADMINISTRATOR. Arkansas Higher Education Consortium Benefits Trust (AHEC) is the benefit plan of Arkansas Higher Education Consortium, the Plan Administrator, also called the Plan Sponsor. It is to be administered by the Plan Administrator in accordance with the provisions of ERISA. An individual or committee may be appointed by Arkansas Higher Education Consortium to be Plan Administrator and serve at the convenience of the Employer. If the Plan Administrator or a committee member resigns, dies or is otherwise removed from the position, Arkansas Higher Education Consortium shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator shall administer this Plan in accordance with its terms and establish its policies, interpretations, practices, and procedures. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits, to decide disputes which may arise relative to a Plan Participant's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator will be final and binding on all interested parties.

Service of legal process may be made upon the Plan Administrator.

DUTIES OF THE PLAN ADMINISTRATOR.

- (1) To administer the Plan in accordance with its terms.
- (2) To interpret the Plan, including the right to remedy possible ambiguities, inconsistencies or omissions.
- (3) To decide disputes which may arise relative to a Plan Participant's rights.
- (4) To prescribe procedures for filing a claim for benefits and to review claim denials.
- (5) To keep and maintain the Plan documents and all other records pertaining to the Plan.
- (6) To appoint a Claims Administrator to pay claims.
- (7) To perform all necessary reporting as required by ERISA.
- (8) To establish and communicate procedures to determine whether a medical child support order is qualified under ERISA Sec. 609.
- (9) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.

SCHEDULE OF BENEFITS

Verification of Eligibility 800-252-4644 or 440-250-4341

Call this number to verify eligibility for Plan benefits **before** the charge is incurred.

MEDICAL BENEFITS

All benefits described in this Schedule are subject to the exclusions and limitations described more fully herein including, but not limited to, the Plan Administrator's determination that: care and treatment is Medically Necessary; that charges are Usual and Reasonable; that services, supplies and care are not Experimental and/or Investigational. The meanings of these capitalized terms are in the Defined Terms section of this document.

Only a general description of health benefits covered by this Plan is included in this document. A more detailed schedule of coverage is available to any Plan Participant, at no cost, who requests one from the Plan Administrator.

AHEC Retired Plans will have full Coordination of Benefits with Medicare Primary Plans.

Note: The following services must be precertified or reimbursement from the Plan may be reduced.

The attending Physician does not have to obtain precertification from the Plan for prescribing a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours or less for a cesarean delivery.

**Hospitalizations

Please see the Care Management section in this booklet for details.

The Plan is a plan which contains a Network Provider Organization.

PPO name: AMCO
PO BOX 8219
LITTLE ROCK, AR 72221-8219
1-800-278-8470

This Plan has entered into an agreement with certain Hospitals, Physicians and other health care providers, which are called Network Providers. Because these Network Providers have agreed to charge reduced fees to persons covered under the Plan, the Plan can afford to reimburse a higher percentage of their fees.

Therefore, when a Covered Person uses a Network Provider, that Covered Person will receive better benefits from the Plan than when a Non-Network Provider is used. It is the Covered Person's choice as to which Provider to use.

Additional information about this option, including any rules that apply to designation of a primary care provider, as well as a list of Network Providers, will be given to Plan Participants, at no cost, and updated as needed. This list will include providers who specialize in obstetrics or gynecology.

Covered Persons receiving services for anesthesia, pathology, radiology, and emergency room physicians rendered in an In-Network facility will be paid at the In-Network co-insurance percentage.

Any Covered Person incurring a life-threatening condition should go to the nearest facility and Covered Services will be payable at the In-Network co-insurance percentage.

If medically necessary services are not available through any In-Network Provider or Facility, then benefits will be paid at Indemnity Plan percentages.

The Beech Street PPO Wrap Network provides PPO services outside of your PPO services area only. Refer to the back of your identification (ID) card for the toll-free telephone number for Beech Street providers.

Deductibles/Copayments payable by Plan Participants

Deductibles/Copayments are dollar amounts that the Covered Person must pay before the Plan pays.

A deductible is an amount of money that is paid once a Calendar Year per Covered Person. Typically, there is one deductible amount per Plan and it must be paid before any money is paid by the Plan for any Covered Charges. Each January 1st, a new deductible amount is required. However, Covered Charges incurred in, and applied toward the deductible in October, November and December will be applied to the deductible in the next Calendar Year as well as the current Calendar Year.

A copayment is the amount of money that is paid each time a particular service is used. Typically, there may be copayments on some services and other services will not have any copayments. Copayments do not accrue toward the 100% maximum out-of-pocket payment.

Out-of-Pocket Maximum, per covered Person / Indemnity Plan - \$3,000.00 of covered expenses incurred during a calendar year plus deductible, subject to applicable limitations. Maximum of \$3,400.00 per calendar year.

Out-of-Pocket Maximum, per Covered Person / PPO Plan - \$2,000.00 of covered expenses incurred during a calendar year plus deductible, subject to applicable limitations. Maximum of \$2,400.00 per calendar year.

Out-of-Pocket Maximum, per Covered Person / PPO Plan –Out–of– Network - \$4000.00 of covered expenses incurred during a calendar year plus deductible, subject to applicable limitations. Maximum of \$4,400.00 per calendar year.

ELIGIBILITY, FUNDING, EFFECTIVE DATE AND TERMINATION PROVISIONS

A Plan Participant should contact the Plan Administrator to obtain additional information, free of charge, about Plan coverage of a specific benefit, particular drug, treatment, test or any other aspect of Plan benefits or requirements.

ELIGIBILITY

Eligible Classes of Employees. All Active and Retired Employees of the Employer. The following Classes of Employees:

- (1) Retired Employees who have a minimum of 10 years of state service and qualify under each Institution's Retirement guidelines. An employee is considered to be in the Retired Class from the date of application for retirement.
- (2) Active Employees shall include all actively employed employees of participating agencies, boards, commissions, institutions, and Constitutional Officers. Active Employees are those whose employment is not seasonal or temporary as determined by the board policy of each institution.

Eligibility Requirements for Employee Coverage. A person is eligible for Employee coverage from the first day that he or she:

- (1) is a Full-Time, Active Employee of the Employer. See the applicable institution's guidelines regarding the definition of a Full-Time employee.
- (2) is a Part-Time, Active Employee of the Employer. See the applicable institution's guidelines regarding the definition of a Part-time employee. Part-Time Employees that elect coverage prior to full time status will be given credit from part-time effective date. Part-Time eligibility qualifies under the applicable institution's guidelines.
- (3) is a Retired Employee of the Employer.
- (3) is in a class eligible for coverage.
- (4) coverage begins the first day of the month following employment for all college locations. Colleges have the right to implement a designated waiting period for new employees if they choose to do so.

Eligible Classes of Dependents. A Dependent is any one of the following persons:

- (1) A covered Employee's Spouse.

The term "Spouse" shall mean the person recognized as the covered Employee's husband or wife under the laws of the state where the covered Employee lives or was married, and shall not include common law marriages. The term "Spouse" shall not include partners of the same sex who were legally married under the laws of the State in which they were married. The Plan Administrator may require documentation proving a legal marital relationship. Failure to promptly provide this information to the institution within the designated time periods may cause you or your dependents to lose certain rights under the Plan.

- (2) A covered Employee's Child(ren).

An Employee's "Child" includes his natural child, stepchild, adopted child, or a child placed with the Employee for adoption. An Employee's Child will be an eligible Dependent until reaching the limiting age of 26, without regard to student status, marital status, financial dependency or residency status with the Employee or any other person. When the child reaches the applicable limiting age, coverage will end on the last day of the child's birthday month.

However, for Plan Years beginning before January 1, 2014, an Employee's Child is not an eligible Child if the Child is eligible to enroll in an employer-sponsored health plan other than the group health plan of a parent of the Child.

The phrase "placed for adoption" refers to a child whom the Employee intends to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by such Employee of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

(3) A covered Employee's Qualified Dependents.

The term "children" shall include natural or adopted children, children for who the Employee is a Legal Guardian who reside in the Employee's household may also be included as long as a natural parent remains married to the Employee and also resides in the Employee's household.

To be eligible for Dependent coverage under the Plan, a Qualified Dependent must be under the limiting age of 26 years. When a Qualified Dependent reaches the applicable limiting age, coverage will end

If a covered Employee or Spouse is the Legal Guardian of an unmarried child or children, under the limiting age of 26 and primarily dependent upon the Employee for support and maintenance, these children may be enrolled in this Plan as Qualified Dependents.

Any Child of a Plan Participant who is an alternate recipient under a qualified medical child support order shall be considered as having a right to Dependent coverage under this Plan.

A participant of this Plan may obtain, without charge, a copy of the procedures governing qualified medical child support order (QMCSO) determinations from the Plan Administrator.

The Plan Administrator may require documentation proving eligibility for Dependent coverage, including birth certificates, tax records or initiation of legal proceedings severing parental rights.

(4) A covered Dependent child who reaches the limiting age and is Totally Disabled, incapable of self-sustaining employment by reason of mental or physical handicap, primarily dependent upon the covered Employee for support and maintenance and unmarried. The Employee must furnish the Planholder with proof that the Dependent child is eligible for continued coverage within thirty-one (31) days after the child reaches the limiting age. The Plan Administrator may require, at reasonable intervals during the two years following the Dependent's reaching the limiting age, subsequent proof of the child's Total Disability and dependency.

After such two-year period, the Plan Administrator may require subsequent proof not more than once each year. The Plan Administrator reserves the right to have such Dependent examined by a Physician of the Plan Administrator's choice, at the Plan's expense, to determine the existence of such incapacity.

These persons are excluded as Dependents: other individuals living in the covered Employee's or Retiree's home, but who are not eligible as defined; the legally separated or divorced former Spouse of the Employee or Retiree; any person who is on active duty in any military service of any country; Foster Children; or any person who is covered under the Plan as an Employee or Retiree.

If a person covered under this Plan changes status from Employee to Dependent or Dependent to Employee, and the person is covered continuously under this Plan before, during and after the change in status, credit will be given for deductibles and all amounts applied to maximums.

If both mother and father are Employees, their children will be covered as Dependents of the mother or father, but not of both.

No person is eligible for coverage both as an Employee and as a Dependent.

Eligibility Requirements for Dependent Coverage. A family member of an Employee will become eligible for Dependent coverage on the first day that the Employee is eligible for Employee coverage and the family member satisfies the requirements for Dependent coverage.

At any time, the Plan may require proof that a Spouse, Qualified Dependent or a Child qualifies or continues to qualify as a Dependent as defined by this Plan.

NOTE: It is the responsibility of the enrolled Employee to notify his/her employer of any changes in their Dependent's status. In no event may coverage for a Dependent become effective before the coverage of the enrolled Employee becomes effective.

An Eligible newborn child is covered for the first thirty-one (31) days after birth. However, if a Contribution Agreement has not been signed, one must be signed to validate and document for the first thirty-one (31) days and to continue coverage past these thirty-one (31) days, unless the covered Employee has family coverage. Please note any added contribution must be paid from the date of birth.

Funding Policy - The Plan Administrator' obligation to pay claims otherwise allowable under the terms of the Plan shall be limited to its obligation to make contributions to the Plan as set forth. The Plan Administrator shall from time to time evaluate the costs of the Plan and determine the amount to be contributed by the Plan Administrator and the amount to be contributed (if any) by each covered participant.

TRANSFER OF PLANS

This provision applies only to those persons covered by the Planholder's previous plan of benefits on the day before this Plan of Benefits went into effect.

Credit will be given for deductibles and service requirements and Co-Insurance limits met in part or in full under the provisions of the plan being replaced.

Benefits may be paid for a Pre-Existing Condition that a Covered Person has when this policy goes into effect. The amount paid for this condition is the lesser of:

1. the benefits of this Plan without regard to the Pre-Existing Condition limitation; or
2. the benefits of the plan being replaced.

When benefits are payable under both plans, the amount of the benefit will be reduced by the amount paid by the previous plan.

PRE-EXISTING CONDITIONS

NOTE: The length of the Pre-Existing Conditions Limitation may be reduced or eliminated if an eligible person has Creditable Coverage from another health plan even if that coverage is still in effect. The Plan will reduce the length of the Pre-Existing Condition Limitation period by each day of Creditable Coverage under this or a prior plan; however, if there was a significant break in the Creditable Coverage of 63 days or more, then only the coverage in effect after the break will be counted.

An eligible person may request a certificate of Creditable Coverage from his or her prior plan within 24 months after losing coverage and the Employer will assist any eligible person in obtaining a certificate of Creditable Coverage from a prior plan.

A Covered Person will be provided a certificate of Creditable Coverage from this Plan if he or she requests one either before losing coverage or within 24 months of coverage ceasing.

If, after Creditable Coverage has been taken into account, there will still be a Pre-Existing Conditions Limitation imposed on an individual, that individual will be so notified.

All questions about the Pre-Existing Condition Limitation and Creditable Coverage should be directed to the Claim Administrator
1-800-252-4644.

Covered Charges incurred under Medical Benefits for Pre-Existing Conditions are not payable unless incurred 12 consecutive months, or 18 months if a Late Enrollee after the person's Enrollment Date. This time, known as the Pre-Existing Conditions Limitation period, may be offset if the person has Creditable Coverage from his or her previous plan.

A **Pre-Existing Condition** is a condition for which medical advice, diagnosis, care or treatment was recommended or received within six months prior to the person's Enrollment Date under this Plan. Genetic Information is not, by itself, a condition. Treatment includes receiving services and supplies, consultations, diagnostic tests or prescribed medicines. In order to be taken into account, the medical advice, diagnosis, care or treatment must have been recommended by, or received from, a Physician.

The Pre-Existing Condition does not apply to Pregnancy or to a Covered Person under the age of 19.

ENROLLMENT

Enrollment Requirements. An Employee must enroll for coverage by filling out and signing an enrollment application along with the appropriate payroll deduction authorization. If the covered Employee already has Dependent coverage, a newborn child will be automatically enrolled for 31 days from birth; otherwise, separate enrollment for a newborn child is required.

Enrollment Requirements for Newborn Children.

A newborn child of a covered Employee who has Dependent coverage is automatically enrolled in this Plan for 31 days. Charges for covered nursery care will be applied toward the Plan of the newborn child. If the newborn child is not enrolled in this Plan on a timely basis, as defined in the section "Timely Enrollment" following this section, there will be no payment from the Plan and the parents will be responsible for all costs.

Charges for covered routine Physician care will be applied toward the Plan of the newborn child. If the newborn child is not enrolled in this Plan on a timely basis, there will be no payment from the Plan and the covered parent will be responsible for all costs.

If the child is not enrolled within 31 days of birth, the enrollment will be considered a Late Enrollment.

TIMELY OR LATE ENROLLMENT

- (1) Timely Enrollment** - The enrollment will be "timely" if the completed form is received by the Plan Administrator no later than 31 days after the person becomes eligible for the coverage, either initially or under a Special Enrollment Period.

If two Employees (husband and wife) are covered under the Plan and the Employee who is covering the Dependent children terminates coverage, the Dependent coverage may be continued by the other covered Employee with no Waiting Period as long as coverage has been continuous.

- (2) Late Enrollment** - An enrollment is "late" if it is not made on a "timely basis" or during a Special Enrollment Period. Late Enrollees and their Dependents who are not eligible to join the Plan during a Special Enrollment Period may join only during open enrollment.

If an individual loses eligibility for coverage as a result of terminating employment, reduction of hours of employment or a general suspension of coverage under the Plan, then upon becoming eligible again due to resumption of employment or due to resumption of Plan coverage, only the most recent period of eligibility will be considered for purposes of determining whether the individual is a Late Enrollee.

The time between the date a Late Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period. Coverage begins on January 1.

SPECIAL ENROLLMENT RIGHTS

Federal law provides Special Enrollment provisions under some circumstances. If an Employee is declining enrollment for himself or herself or his or her dependents (including his or her spouse) because of other health

insurance or group health plan coverage, there may be a right to enroll in this Plan if there is a loss of eligibility for that other coverage (or if the employer stops contributing towards the other coverage). However, a request for enrollment must be made within 31 days after the coverage ends (or after the employer stops contributing towards the other coverage).

In addition, in the case of a birth, marriage, adoption or placement for adoption, there may be a right to enroll in this Plan. However, a request for enrollment must be made within 31 days after the birth, marriage, adoption or placement for adoption.

The Special Enrollment rules are described in more detail below. To request Special Enrollment or obtain more detailed information of these portability provisions, contact the Plan Administrator, Arkansas Higher Education Consortium, P.O. Box 140, Hope, Arkansas, 71802, 1-800-777-5722.

SPECIAL ENROLLMENT PERIODS

The Enrollment Date for anyone who enrolls under a Special Enrollment Period is the first date of coverage. Thus, the time between the date a special enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period. This means that any Pre-Existing Condition will be determined on the basis of the look back period prior to the Enrollment Date, and the period of the Pre-Existing Conditions Limitation will start on the Enrollment Date.

- (1) Individuals losing other coverage creating a Special Enrollment right.** An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if loss of eligibility for coverage meets all of the following conditions:

 - (a)** The Employee or Dependent was covered under a group health plan or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.
 - (b)** If required by the Plan Administrator, the Employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.
 - (c)** The coverage of the Employee or Dependent who had lost the coverage was under COBRA and the COBRA coverage was exhausted, or was not under COBRA and either the coverage was terminated as a result of loss of eligibility for the coverage or because employer contributions towards the coverage were terminated. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.
 - (d)** The Employee or Dependent requests enrollment in this Plan not later than 31 days after the date of exhaustion of COBRA coverage or the termination of non-COBRA coverage due to loss of eligibility or termination of employer contributions, described above. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.
- (2)** For purposes of these rules, a loss of eligibility occurs if one of the following occurs:

 - (a)** The Employee or Dependent has a loss of eligibility on the earliest date a claim is denied that would meet or exceed a lifetime limit on all benefits. This provision shall no longer apply for Plan Years starting after September 22, 2010.
 - (b)** The Employee or Dependent has a loss of eligibility due to the plan no longer offering any benefits to a class of similarly situated individuals (i.e.: part-time employees).
 - (c)** The Employee or Dependent has a loss of eligibility as a result of legal separation, divorce, cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan), death, termination of employment, or reduction in the number of hours of employment or contributions towards the coverage were terminated.

- (d) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual).
- (e) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the group market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual), and no other benefit package is available to the individual.

If the Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan), that individual does not have a Special Enrollment right.

(3) Dependent beneficiaries. If:

- (a) The Employee is a participant under this Plan (or is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment period), and
- (b) A person becomes a Dependent of the Employee through marriage, birth, adoption or placement for adoption,

then the Dependent (and if not otherwise enrolled, the Employee) may be enrolled under this Plan. In the case of the birth or adoption of a child, the Spouse of the covered Employee may be enrolled as a Dependent of the covered Employee if the Spouse is otherwise eligible for coverage. If the Employee is not enrolled at the time of the event, the Employee must enroll under this Special Enrollment Period in order for his eligible Dependents to enroll.

The Dependent Special Enrollment Period is a period of 31 days and begins on the date of the marriage, birth, adoption or placement for adoption. To be eligible for this Special Enrollment, the Dependent and/or Employee must request enrollment during this 31-day period.

The coverage of the Dependent and/or Employee enrolled in the Special Enrollment Period will be effective:

- (a) in the case of marriage, the first day of the first month beginning after the date of the completed request for enrollment is received;
- (b) in the case of a Dependent's birth, as of the date of birth; or
- (c) in the case of a Dependent's adoption or placement for adoption, the date of the adoption or placement for adoption.

(4) Medicaid and State Child Health Insurance Programs. An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if:

- (a) The Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or a State child health plan (CHIP) under Title XXI of such Act, and coverage of the Employee or Dependent is terminated due to loss of eligibility for such coverage, and the Employee or Dependent requests enrollment in this Plan within 60 days after such Medicaid or CHIP coverage is terminated.
- (b) The Employee or Dependent becomes eligible for assistance with payment of Employee contributions to this Plan through a Medicaid or CHIP plan (including any waiver or demonstration project conducted with respect to such plan), and the Employee or Dependent requests enrollment in this Plan within 60 days after the date the Employee or Dependent is determined to be eligible for such assistance.

If a Dependent becomes eligible to enroll under this provision and the Employee is not then enrolled, the Employee must enroll in order for the Dependent to enroll.

Coverage will become effective as of the first day of the first calendar month following the date the completed enrollment form is received unless an earlier date is established by the Employer or by regulation.

EFFECTIVE DATE

Effective Date of Employee Coverage. An Employee will be covered under this Plan as of the first day of the calendar month following the date that the Employee satisfies all of the following:

- (1) The Eligibility Requirement.
- (2) The Active Employee Requirement.
- (3) The Enrollment Requirements of the Plan.

Active Employee Requirement.

An Employee must be an Active Employee (as defined by this Plan) for this coverage to take effect.

Effective Date of Dependent Coverage. A Dependent's coverage will take effect on the day that the Eligibility Requirements are met; the Employee is covered under the Plan; and all Enrollment Requirements are met.

TERMINATION OF COVERAGE

When coverage under this Plan stops, Plan Participants will receive a certificate that will show the period of Creditable Coverage under this Plan. The Plan maintains written procedures that explain how to request this certificate. Please contact the Plan Administrator for a copy of these procedures and further details.

The Employer or Plan has the right to rescind any coverage of the Employee and/or Retiree and/or Dependents for cause, making a fraudulent claim or an intentional material misrepresentation in applying for or obtaining coverage, or obtaining benefits under the Plan. The Employer or Plan may either void coverage for the Employee and/or covered Retirees and/or covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. If coverage is to be terminated or voided retroactively for fraud or misrepresentation, the Plan will provide at least 30 days' advance written notice of such action. The Employer will refund all contributions paid for any coverage rescinded; however, claims paid will be offset from this amount. The Employer reserves the right to collect additional monies if claims are paid in excess of the Employee's and/or Retiree's and/or Dependent's paid contributions.

The end of coverage will not affect any claim made for a loss that took place while the coverage was in force.

When Employee Coverage Terminates. Employee coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Employee may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan is terminated.
- (2) The date the covered Employee's Eligible Class is eliminated.
- (3) The last day of the calendar month in which the covered Employee ceases to be in one of the Eligible Classes. This includes death or termination of Active Employment of the covered Employee. (See the section entitled Continuation Coverage Rights under COBRA.) It also includes an Employee on disability, leave of absence or other leave of absence, unless the Plan specifically provides for continuation during these periods.

- (4) The earliest date the Employee has a claim that is denied in whole or in part because the Employee has met or exceeded a lifetime limit on all benefits. This provision shall no longer apply for Plan Years starting after September 22, 2010.
- (5) If an Employee commits fraud or makes an intentional misrepresentation of material fact in applying for or obtaining coverage, or obtaining benefits under the Plan, then the Employer or Plan may either void coverage for the Employee and covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. If coverage is to be terminated or voided retroactively for fraud or misrepresentation, the Plan will provide at least 30 days' advance written notice of such action.
- (6) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.

Continuation During Periods of Employer-Certified Disability, Leave of Absence. A person may remain eligible for a limited time if Active, full-time work ceases due to disability, leave of absence. This continuance will end as follows:

For disability leave only: the end of the four calendar month period that next follows the month in which the person last worked as an Active Employee.

For leave of absence or layoff only: the end of the twelve calendar month period that next follows the month in which the person last worked as an Active Employee.

While continued, coverage will be that which was in force on the last day worked as an Active Employee. However, if benefits reduce for others in the class, they will also reduce for the continued person.

Continuation During Family and Medical Leave. Regardless of the established leave policies mentioned above, this Plan shall at all times comply with the Family and Medical Leave Act of 1993 as promulgated in regulations issued by the Department of Labor.

During any leave taken under the Family and Medical Leave Act, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the covered Employee had been continuously employed during the entire leave period.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her covered Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated. For example, Pre-Existing Conditions limitations and other Waiting Periods will not be imposed unless they were in effect for the Employee and/or his or her Dependents when Plan coverage terminated.

Rehiring a Terminated Employee. A terminated Employee who is rehired will be treated as a new hire and be required to satisfy all Eligibility and Enrollment requirements. However, if the Employee is returning to work directly from COBRA coverage, this Employee does not have to satisfy Pre-Existing Conditions provision.

Employees on Military Leave. Employees going into or returning from military service may elect to continue Plan coverage as mandated by the Uniformed Services Employment and Reemployment Rights Act (USERRA) under the following circumstances. These rights apply only to Employees and their Dependents covered under the Plan immediately before leaving for military service.

- (1) The maximum period of coverage of a person and the person's Dependents under such an election shall be the lesser of:
 - (a) The 24 month period beginning on the date on which the person's absence begins; or
 - (b) The day after the date on which the person was required to apply for or return to a position of employment and fails to do so.

- (2) A person who elects to continue health plan coverage must pay up to 102% of the full contribution under the Plan, except a person on active duty for 30 days or less cannot be required to pay more than the Employee's share, if any, for the coverage.
- (3) An exclusion or Waiting Period may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or Waiting Period may be imposed for coverage of any Illness or Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

If the Employee wishes to elect this coverage or obtain more detailed information, contact the Institution Human Resource Office.. The Employee may also have continuation rights under USERRA. In general, the Employee must meet the same requirements for electing USERRA coverage as are required under COBRA continuation coverage requirements. Coverage elected under these circumstances is concurrent not cumulative. The Employee may elect USERRA continuation coverage for the Employee and their Dependents. Only the Employee has election rights. Dependents do not have any independent right to elect USERRA health plan continuation.

When Dependent Coverage Terminates. A Dependent's coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Dependent may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan or Dependent coverage under the Plan is terminated.
- (2) The date that the Employee's coverage under the Plan terminates for any reason including death. Coverage for Dependents of the deceased Employee or deceased Retiree shall be eligible to continue coverage at their own expense until they cease to be eligible under the plan. (See the section entitled Continuation Coverage Rights under COBRA.) Must qualify under each institutions guidelines.
- (3) The end of the month during which a covered Spouse loses coverage due to loss of dependency status. Employee's Spouse may elect the option to continue coverage to age 65 if the employee declines coverage at retirement. (See the section entitled Continuation Coverage Rights under COBRA.) Must qualify under each institutions guidelines.
- (4) The end of the month during which a person ceases to be a Dependent as defined by the Plan. Coverage ends on the last day of the month. (See the section entitled Continuation Coverage Rights under COBRA.)
- (5) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (6) The earliest date the Dependent has a claim that is denied in whole or in part because it meets or exceeds a lifetime limit on all benefits. This provision shall no longer apply for Plan Years starting after September 22, 2010.
- (7) If a Dependent commits fraud or makes an intentional misrepresentation of material fact in applying for or obtaining coverage, or obtaining benefits under the Plan, then the Employer or Plan may either void coverage for the Dependent for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. If coverage is to be terminated or voided retroactively, the Plan will provide at least 30 days' advance written notice of such action.
- (8) Age limits may be waived for Totally Disabled Dependent children. See Eligibility Section.

OPEN ENROLLMENT

OPEN ENROLLMENT

Every November 1 through November 30, the annual open enrollment period, Employees and their Dependents who are Late Enrollees will be able to enroll in the Plan.

Benefit choices for Late Enrollees made during the open enrollment period will become effective January 1.

Plan Participants will receive detailed information regarding open enrollment from their Employer.

Special Open Enrollment periods may be adopted by the Board of Trustees.

GENERAL SERVICES

Medical Benefits apply when Covered Charges are incurred by a Covered Person for care of an Injury or Sickness and while the person is covered for these benefits under the Plan.

DEDUCTIBLE

Deductible Amount. This is an amount of Covered Charges for which no benefits will be paid. Before benefits can be paid in a Calendar Year a Covered Person must meet the deductible shown in the Schedule of Benefits.

Deductible Three Month Carryover. Covered Charges incurred in, and applied toward the deductible in October, November and December will be applied toward the deductible in the next Calendar Year.

Family Unit Limit. When the maximum amount shown in the Schedule of Benefits has been incurred by members of a Family Unit toward their Calendar Year deductibles, the deductibles of all members of that Family Unit will be considered satisfied for that year.

Deductible For A Common Accident. This provision applies when two or more Covered Persons in a Family Unit are injured in the same accident.

These persons need not meet separate deductibles for treatment of injuries incurred in this accident; instead, only one deductible for the Calendar Year in which the accident occurred will be required for them as a unit for expenses arising from the accident.

BENEFIT PAYMENT

Each Calendar Year, benefits will be paid for the Covered Charges of a Covered Person that are in excess of the deductible and any copayments. Payment will be made at the rate shown under reimbursement rate in the Schedule of Benefits. No benefits will be paid in excess of the Maximum Benefit Amount or any listed limit of the Plan.

OUT-OF-POCKET LIMIT

Covered Charges are payable at the percentages shown each Calendar Year until the out-of-pocket limit shown in the Schedule of Benefits is reached. Then, Covered Charges incurred by a Covered Person will be payable at 100% (except for the charges excluded) for the rest of the Calendar Year.

MAXIMUM BENEFIT AMOUNT

The Maximum Benefit Amount is shown in the Schedule of Benefits. It is the total amount of benefits that will be paid under the Plan for all Covered Charges incurred by a Covered Person for Essential Health Benefits during the Plan Year. The Maximum Benefit applies to all plans and benefit options offered under the Arkansas Higher Education Consortium Benefits Trust, including the ones described in this document.

COVERED CHARGES

Covered Charges are the Maximum Allowable Charges that are incurred for the following items of service and supply. These charges are subject to the benefit limits, exclusions and other provisions of this Plan. A charge is incurred on the date that the service or supply is performed or furnished.

- (1) **Hospital Care.** The medical services and supplies furnished by a Hospital or Ambulatory Surgical Center or a Birthing Center. Covered Charges for room and board will be payable as shown in the Schedule of Benefits. After 23 observation hours, a confinement will be considered an inpatient confinement.

Room charges made by a Hospital having only private rooms will be paid at private room charge..

Charges for an Intensive Care Unit stay are payable as described in the Schedule of Benefits.

Hospital Care includes these miscellaneous services on an Out-Patient basis (a) Emergency Medical Treatment within 72 hours of an Injury; (b) Pre-Admission Tests or Exams; and (c) Medical Care and Treatment received on the day of and in connection with surgery performed in an Out-Patient facility or in an Ambulatory Surgical Center.

- (2) **Coverage of Pregnancy.** The Maximum Allowable Charges for the care and treatment of Pregnancy are covered the same as any other Sickness for a covered Employee or covered Spouse.

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

There is no coverage of Pregnancy for a Dependent child other than a Covered Spouse.

- (3) **Skilled Nursing Facility Care.** The room and board and nursing care furnished by a Skilled Nursing Facility will be payable if and when:

- (a) the patient is confined as a bed patient in the facility; and
- (b) the confinement starts within 7 days of a Hospital confinement of at least 5 days; and
- (c) the attending Physician certifies that the confinement is needed for further care of the condition that caused the Hospital confinement; and
- (d) the attending Physician completes a treatment plan which includes a diagnosis, the proposed course of treatment and the projected date of discharge from the Skilled Nursing Facility.

Covered Charges for a Covered Person's care in these facilities are payable as described in the Schedule of Benefits.

- (4) **Physician Care.** The professional services of a Physician for surgical or medical services.

Charges for **multiple surgical procedures** will be a Covered Charge subject to the following provisions:

- (a) If bilateral or multiple surgical procedures are performed by one (1) surgeon, benefits will be determined based on the Maximum Allowable Charge that is allowed for the primary procedures; 50% of the Maximum Allowable Charge will be allowed for each additional procedure performed through the same incision. Any procedure that would not be an integral part of the primary procedure or is unrelated to the diagnosis will be considered "incidental" and no benefits will be provided for such procedures;
- (b) If multiple unrelated surgical procedures are performed by two (2) or more surgeons on separate operative fields, benefits will be based on the Maximum Allowable Charge for each surgeon's primary procedure. If two (2) or more surgeons perform a procedure that is normally performed by one (1) surgeon, benefits for all surgeons will not exceed the Usual and Reasonable percentage allowed for that procedure; and
- (c) If an assistant surgeon is required, the assistant surgeon's Covered Charge will not exceed 20% of the surgeon's Maximum Allowable allowance.

- (5) **Nursing Care.** The nursing care by a licensed nurse (R.N., L.P.N. or L.V.N.). Covered Charges for this service will be included to this extent:

- (a) **Inpatient Nursing Care.** Charges are covered only when care is Medically Necessary or not Custodial in nature and the Hospital's Intensive Care Unit is filled or the Hospital has no Intensive Care Unit.
 - (b) **Outpatient Nursing Care.** Charges are covered only when care is Medically Necessary and not Custodial in nature. The only charges covered for Outpatient nursing care are those shown below, under Home Health Care Services and Supplies. Outpatient nursing care on a 24-hour-shift basis is not covered.
- (6) **Home Health Care Services and Supplies.** Charges for home health care services and supplies are covered only for care and treatment of an Injury or Sickness when Hospital or Skilled Nursing Facility confinement would otherwise be required. The diagnosis, care and treatment must be certified by the attending Physician and be contained in a Home Health Care Plan. Must be provided in the Covered Person's home and provided by a state approved Home Health Care Agency.

Benefit payment for nursing, home health aide and therapy services is subject to the Home Health Care limit shown in the Schedule of Benefits.

A home health care visit will be considered a periodic visit by either a nurse or therapist, as the case may be, or four hours of home health aide services. A visit of four hours or less is considered a single visit.

- (7) **Hospice Care Services and Supplies.** Charges for hospice care services and supplies are covered only when the attending Physician has diagnosed the Covered Person's condition as being terminal, determined that the person is not expected to live more than six months and placed the person under a Hospice Care Plan. The Hospice Care Plan must be previously approved and agreed to by the patient including Nursing Care, Medical Social Services, Physical, Speech, and Occupational Therapy, Inhalation Therapy, Home Health Care Services, Dietary Counseling, Prescription Drugs, Medical/Surgical Supplies, Medical Equipment, Lab Services, Bereavement Counseling (limited to two visits), twenty-four hours continuous Nursing Care (up to three (3) intervals of continuous care, five (5) days per interval).

Covered Charges for Hospice Care Services and Supplies are payable as described in the Schedule of Benefits.

- (8) **Other Medical Services and Supplies.** These services and supplies not otherwise included in the items above are covered as follows:

- (a) Local Medically Necessary professional land or air **ambulance** service. A charge for this item will be a Covered Charge only if the service is to the nearest Hospital or Skilled Nursing Facility where necessary treatment can be provided unless the Plan Administrator finds a longer trip was Medically Necessary. Limited to two (2) ambulance moves per period of confinement.
- (b) **Anesthetic;** oxygen; blood and blood derivatives that are not donated or replaced; intravenous injections and solutions. Administration of these items is included.
- (c) **Cardiac rehabilitation** as deemed Medically Necessary provided services are rendered (a) under the supervision of a Physician; (b) in connection with a myocardial infarction, coronary occlusion or coronary bypass surgery; (c) initiated within 12 weeks after other treatment for the medical condition ends; and (d) in a Medical Care Facility as defined by this Plan. Electronic heart pacemakers are included.
- (d) Radiation or **chemotherapy** and treatment with radioactive substances, kidney dialysis and inhalation therapy. The materials and services of technicians are included.
- (e) Initial **contact lenses** or glasses or initial permanent lens required following cataract surgery and subsequent lens prescription change. Aphakic lens included.

- (f) Rental cost, up to the purchase price, of **durable medical or surgical equipment** if deemed Medically Necessary. These items may be bought rather than rented, with the cost not to exceed the fair market value of the equipment at the time of purchase but only with advance approval. Must be prescribed by a Physician, serve a medical purpose and be able to withstand repeated use. Maintenance of durable medical equipment is not a Covered Expense.
- (g) Medically Necessary services for care and treatment of **jaw joint conditions, including Temporomandibular Joint syndrome (TMJ)**.
- (h) **Laboratory studies.** Covered Charges for diagnostic and preventive lab testing and services.
- (i) Treatment of **Mental Disorders and Substance Abuse**. For Plan Years beginning on or after October 3, 2009, regardless of any limitations on benefits for Mental Disorders and Substance Abuse Treatment otherwise specified in the Plan, any aggregate lifetime limit, annual limit, financial requirement, out-of-network exclusion or treatment limitation on Mental Disorders and Substance Abuse benefits imposed by the Plan shall comply with federal parity requirements, if applicable.

Covered Charges for care, supplies and treatment of Mental Disorders and Substance Abuse will be limited as follows:

All treatment is subject to the benefit payment maximums shown in the Schedule of Benefits.

Physician's visits are limited to one treatment per day.

Psychiatrists (M.D.), psychologists (Ph.D.), Licensed Alcohol/Drug Abuse counselors (Ph.D.), or Nurse Practitioners may bill the Plan directly. Other licensed mental health practitioners must be under the direction of and must bill the Plan through these professionals.

- (j) Injury to or care of **mouth, teeth and gums**. Charges for Injury to or care of the mouth, teeth, gums and alveolar processes will be Covered Charges under Medical Benefits only if that care is for the following oral surgical procedures:

Excision of tumors and cysts of the jaws, cheeks, lips, tongue, roof and floor of the mouth.

Orthognathic oral surgery charges for cutting procedures for the treatment of disease or injuries of the jaw.

Emergency repair due to Injury to sound natural teeth as a result of an accident and which was caused by a force and external blow to the mouth.

Surgery needed to correct accidental injuries to the jaws, cheeks, lips, tongue, floor and roof of the mouth.

Excision of benign bony growths of the jaw and hard palate.

Removal of impacted teeth.

Reduction of dislocations

Temporomandibular Joint Syndrome (TMJ) disorders subject to a Maximum Lifetime Benefit as specified in the Schedule of Benefits.

Hospitalization is covered if Medically Necessary to safeguard the Covered Person's life or health for a specific non-dental organic impairment.

No charge will be covered under Medical Benefits for Orthognathic surgery, dental and oral surgical procedures involving orthodontic care of the teeth, periodontal disease and preparing the mouth for the fitting of or continued use of dentures.

(k) Occupational therapy by a licensed occupational therapist. Therapy must be ordered by a Physician, result from an Injury or Sickness and improve a body function where the expectation exists that the therapy will result in practical improvement in the level of functioning within a reasonable period of time. Covered Charges do not include recreational programs, diversionary therapies, vocational therapies, maintenance therapy or supplies used in occupational therapy.

(l) Organ transplant limits. Charges otherwise covered under the Plan that are incurred for the care and treatment due to an organ or tissue transplant are subject to these limits:

A Human Organ Transplant is a human heart, heart/lung, liver, pancreas, kidney, bone marrow and cornea transplant. Coverage is limited to two (2) transplants per Covered Organ per Covered Person.

The Plan will pay the Provider's Reasonable Charges for all Covered Services of this Plan, and expenses related to the acquisition of a Human Organ. Acquisition means the acquisition, preparation, transportation and the storage of a Human Organ. In order to receive benefits for Human Organ Transplants, you must obtain pre-certification. Notification must be received as soon as you learn you are a candidate for transplant surgery, and in no event later than five (5) days prior to surgery. Pre-certification will only be granted if the Human Organ Transplant is Medically Necessary and the surgery is performed in an approved Hospital. Any other pre-certification requirements of this certificate do not apply to Human Organ Transplants.

No coverage will be provided for services or supplies considered to be Experimental/Investigative; or related to a transplant surgery for which pre-certification was not obtained.

There is a one (1) year waiting period from the Employee's Effective Date of Coverage for all Covered Persons with respect to expenses incurred for Human Organ Transplants. Any other Pre-existing Condition Limitation of this certificate does not apply to Human Organ Transplants.

(m) The initial purchase, fitting and repair of **orthotic appliances** such as braces, splints or other appliances which are required for support for an injured or deformed part of the body as a result of a disabling congenital condition or an Injury or Sickness.

(n) Physical therapy by a licensed physical therapist. The therapy must be in accord with a Physician's exact orders as to type, frequency and duration and for conditions which are subject to significant improvement through short-term therapy. Such treatment must be given to relieve pain, restore maximum function and to prevent disability following disease, injury or loss of a body part.

(o) Prescription Drugs (as defined).

(p) Routine Preventive Care. Covered Charges under Medical Benefits are payable for routine Preventive Care as described in the Schedule of Benefits. Additional preventive care shall be provided as required by applicable law if provided by a Panel/Network/Participating Provider.

Charges for Routine Well Adult Care. Routine well adult care is care by a Physician that is not for an Injury or Sickness.

Charges for Routine Well Child Care. Routine well child care is routine care by a Physician that is not for an Injury or Sickness. To qualify as a covered physical examination, the Physician's examination must include at least a review and written record of the patient's complete medical history, a check of all body functions, and a review and discussion of the examination results with patient or with the parent or guardian.

Charges for Routine Well Baby Care. Routine Well Baby Care means expense incurred for nursery, circumcision to the age of one (1), pediatric visits, and required general care and treatment. Expenses must be incurred during the first year of birth subject to deductible and coinsurance for dependent coverage.

See Schedule of Benefits for visit limits.

- (q) Initial **prosthetic** or **orthopedic** devices such as artificial limbs, eyes, or braces for a loss or injury that occurs while the person is covered; and the replacements of these devices only when required by the Covered Person's growth to maturity.
- (r) **Reconstructive Surgery.** Correction of abnormal congenital conditions and reconstructive mammoplasties will be considered Covered Charges.

This mammoplasty coverage will include reimbursement for:

- (i) reconstruction of the breast on which a mastectomy has been performed,
- (ii) surgery and reconstruction of the other breast to produce a symmetrical appearance, provided such procedure is performed within five (5) years of the date the reconstructive surgery was performed on the diseased breast, and
- (iii) coverage of prostheses and physical complications during all stages of mastectomy, including lymphedemas,

in a manner determined in consultation with the attending Physician and the patient.

- (s) **Speech therapy** by a licensed speech therapist. Therapy must be ordered by a Physician and follow either: (i) surgery for correction of a congenital condition of the oral cavity, throat or nasal complex (other than a frenectomy) of a person; (ii) an Injury; or (iii) a Sickness that is other than a learning or Mental Disorder.
- (t) **Spinal Manipulation/Chiropractic services** by a licensed M.D., D.O. or D.C.
- (u) **Sterilization** procedures.
- (v) **Surgical dressings**, splints, casts and other devices used in the reduction of fractures and dislocations.
- (w) Coverage of **Well Newborn Nursery/Physician Care.**

Charges for Routine Nursery Care. Routine well newborn nursery care is care while the newborn is Hospital-confined after birth and includes room, board and other normal care for which a Hospital makes a charge.

This coverage is only provided if the newborn child is an eligible Dependent and a parent (1) is a Covered Person who was covered under the Plan at the time of the birth, or (2) enrolls himself or herself (as well as the newborn child if required) in accordance with the Special Enrollment provisions with coverage effective as of the date of birth.

The benefit is limited to Maximum Allowable Charges for nursery care for the newborn child while Hospital confined as a result of the child's birth.

Charges for covered routine nursery care will be applied toward the Plan of the newborn child.

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Charges for Routine Physician Care. The benefit is limited to the Maximum Allowable Charges made by a Physician for the newborn child while Hospital confined as a result of the child's birth.

Charges for covered routine Physician care will be applied toward the Plan of the newborn child.

- (x) Charges associated with the initial purchase of a **wig after chemotherapy**.
- (y) Diagnostic **x-rays**, electrocardiograms, basal metabolism readings, electroencephalograms, allergy testing, also tests for hypothyroidism, Phenylketonuria, sickle-cell anemia, mammography and Pap smear.
- (z) Charges for the medical food or low protein modified food products that are prescribed as medically necessary for the therapeutic treatment of Phenylketonuria. Charges will be subject to coordination of state benefits.
- (aa) Lap band procedure for morbid obesity. One per lifetime.
- (bb) Drugs or medicines which require a prescription under federal law and are approved for general use by the Food and Drug Administration are covered under the Express Scripts retail and mail order drug programs only. No coverage is provided for administration of any drug or syringes, unless prescribed by a Physician.
- (cc) Orthopedic adjustments to shoes for adjustments other than those caused by weak, strained, flat, unstable or unbalanced feet bunions, corns, calluses or metatarsalgia, but not the cost of the shoes unless attached permanently to a brace. Orthotics that are medically necessary for the treatment of medical conditions.
- (dd) Charges for ultra-sound and acupuncture.
- (ee) Charges incurred for surgery, care or treatment solely for cosmetic purposes made necessary by an accident that occurred, reconstruction following a surgery resulting from an Injury or Sickness, or for correction of a congenital defect of an eligible newborn child.
- (ff) Charges for foot care; open cutting operations of metatarsus or bunions medically necessary for treatment of a metabolic or peripheral-vascular disease.

PHARMACEUTICAL BENEFITS

Pharmacy Drug Charge

Participating pharmacies have contracted with the Plan to charge Covered Persons reduced fees for covered Prescription Drugs. Express Scripts, Inc. is the administrator of the pharmacy drug plan.

Copayments

The copayment is applied to each covered pharmacy drug or mail order drug charge and is shown in the schedule of benefits. The copayment amount is not a Covered Charge under the medical Plan. Any one pharmacy prescription is limited to a 30-day supply. Any one mail order prescription is limited to a 90-day supply.

If a drug is purchased from a non-participating pharmacy, or a participating pharmacy when the Covered Person's ID card is not used, the amount payable in excess of the amounts shown in the schedule of benefits will be the ingredient cost and dispensing fee.

Prescription Drugs purchased from a non-participating pharmacy, or a participating pharmacy when the Covered Person's ID card is not used are not covered.

Percentages Payable

The percentage payable amount is applied to each covered pharmacy drug or mail order drug charge and is shown in the schedule of benefits.

Mail Order Drug Benefit Option

The mail order drug benefit option is available for maintenance medications (those that are taken for long periods of time, such as drugs sometimes prescribed for heart disease, high blood pressure, asthma, etc.). Because of volume buying, Express Scripts, Inc., the mail order pharmacy, is able to offer Covered Persons significant savings on their prescriptions.

Covered Prescription Drugs

- (1) All drugs prescribed by a Physician that require a prescription either by federal or state law. This includes oral contraceptives, but excludes any drugs stated as not covered under this Plan.
- (2) All compounded prescriptions containing at least one prescription ingredient in a therapeutic quantity.
- (3) Insulin and other diabetic supplies when prescribed by a Physician.
- (4) Injectable drugs or any prescription directing administration by injection with a cost under \$500.00.
- (5) Oral Contraceptives
- (6) Smoking Cessation Products \$550.00 Lifetime Maximum

Limits To This Benefit

This benefit applies only when a Covered Person incurs a covered Prescription Drug charge. The covered drug charge for any one prescription will be limited to:

- (1) Refills only up to the number of times specified by a Physician.
- (2) Refills up to one year from the date of order by a Physician.

Expenses Not Covered

This benefit will not cover a charge for any of the following:

- (1) **Administration.** Any charge for the administration of a covered Prescription Drug.
- (2) **Appetite suppressants.** A charge for appetite suppressants, dietary supplements or vitamin supplements, except for prenatal vitamins requiring a prescription or prescription vitamin supplements containing fluoride.
- (3) **Consumed on premises.** Any drug or medicine that is consumed or administered at the place where it is dispensed.
- (4) **Devices.** Non Medical Devices of any type, even though such devices may require a prescription.
- (5) **Drugs used for cosmetic purposes.** Charges for drugs used for cosmetic purposes, such as anabolic steroids, Retin A or medications for hair growth or removal.
- (6) **Experimental.** Experimental drugs and medicines, even though a charge is made to the Covered Person.
- (7) **FDA.** Any drug not approved by the Food and Drug Administration.
- (8) **Immunization.** Immunization agents or biological sera.
- (9) **Impotence.** A charge for impotence medication.
- (10) **Infertility.** A charge for infertility medication.
- (11) **Inpatient medication.** A drug or medicine that is to be taken by the Covered Person, in whole or in part, while Hospital confined. This includes being confined in any institution that has a facility for the dispensing of drugs and medicines on its premises.
- (12) **Investigational.** A drug or medicine labeled: "Caution - limited by federal law to investigational use".
- (13) **Medical exclusions.** A charge excluded under Medical Plan Exclusions.
- (14) **No charge.** A charge for Prescription Drugs which may be properly received without charge under local, state or federal programs.
- (15) **No prescription.** A drug or medicine that can legally be bought without a written prescription. This does not apply to injectable insulin.
- (16) **Refills.** Any refill that is requested more than one year after the prescription was written or any refill that is more than the number of refills ordered by the Physician.

SPECIALTY PHARMACEUTICALS

A "Specialty Pharmaceutical" means those federal legend drugs that are any injectable, excluding insulin, or either an oral or infusible federal legend drug, such oral or infusible having a dosage or prescription cost of \$500 or more. These pharmaceuticals shall be subject to pre-certification.

If authorized through pre-certification, then the pharmaceutical shall be covered at 100%. If obtained other than through the pre-certification process, then the pharmaceutical is not covered.

ONCOLOGY PHARMACEUTICALS

Reimbursement for Oncology Pharmaceutical is paid under the Pharmaceutical Benefit. Once a cancer diagnosis has been determined, the purchase or administration of any pharmaceutical used for chemotherapy, or medications related to the cancer diagnosis, must be preauthorized with Connected Care. Following preauthorization, the Plan Participant and their Physician will have assistance provided by a vendor specializing in the supply and coordination of pharmaceuticals applicable to oncology. The vendor will work directly with the Physician to supply the drugs needed to treat the specific cancer. At the same time, the Plan Participant receives support, patient education and counseling from the vendor. This program provides for drug management and medication safety.

A Plan Participant with a cancer diagnosis must utilize this program to obtain medications. The Oncology Pharmaceutical Benefit has no deductible or coinsurance. Unless an agreement otherwise has been entered into with the Plan's oncology vendor, reimbursement for all drugs used in the treatment of cancer will be limited to the rate of Average Sales Price plus 10%.

Average sales price is determined and updated by Medicare quarterly.

West Clinic has elected not to participate in the Arkansas Higher Education Consortium Benefit Oncology Pharmacy Program effective 120809. Oncology Benefits will be considered based on Network pricing subject to deductible and co-insurance.

EXPERIMENTAL AND/OR INVESTIGATIONAL

This plan may not pay for or otherwise cover the cost or use of Pharmaceuticals considered Experimental and/or Investigational.

In the context of pharmaceuticals used in the treatment of cancer, the use of a pharmaceutical will not be considered Experimental and/or Investigational where the pharmaceutical has been recognized as safe and effective for the treatment of the specific type of cancer in the Drugs and Biologics Compendium published by National Comprehensive Cancer Network, Thomson Micromedex DrugDex or Clinical Pharmacology.

Note: In order for benefits to be paid, all services must be pre-certified with Connected Care Services: (800) 634-0173. There is no coverage for non-approved treatment.

CARE MANAGEMENT SERVICES

Care Management Services Phone Number

Connected Care Services
440-250-4300

The provider, patient or family member must call this number to receive certification of certain Care Management Services. This call must be made at least 48 hours in advance of services being rendered or within 2 business days after a Medical Emergency.

Any reduced reimbursement due to failure to follow care management procedures will not accrue toward the 100% maximum out-of-pocket payment.

UTILIZATION REVIEW

Utilization review is a program designed to help insure that all Covered Persons receive necessary and appropriate health care while avoiding unnecessary expenses.

The program consists of:

- (a) Precertification of the Medical Necessity for the following non-emergency services before Medical and/or Surgical services are provided:
 - Hospitalizations
 - Inpatient Substance Abuse/Mental Disorder treatments
 - Specialty Pharmaceuticals
 - Oncology Pharmaceuticals
- (b) Retrospective review of the Medical Necessity of the listed services provided on an emergency basis;
- (c) Concurrent review, based on the admitting diagnosis, of the listed services requested by the attending Physician; and
- (d) Certification of services and planning for discharge from a Medical Care Facility or cessation of medical treatment.

The purpose of the program is to determine what charges may be eligible for payment by the Plan. This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other health care provider.

If a particular course of treatment or medical service is not certified, it means that either the Plan will not pay for the charges or the Plan will not consider that course of treatment as appropriate for the maximum reimbursement under the Plan. The patient is urged to find out why there is a discrepancy between what was requested and what was certified before incurring charges.

The attending Physician does not have to obtain precertification from the Plan for prescribing a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours or less for a cesarean delivery.

In order to maximize Plan reimbursements, please read the following provisions carefully.

Here's how the program works.

Precertification. Before a Covered Person enters a Medical Care Facility on a non-emergency basis or receives other listed medical services, the utilization review administrator will, in conjunction with the attending Physician, certify the care as appropriate for Plan reimbursement. A non-emergency stay in a Medical Care Facility is one that can be scheduled in advance.

The utilization review program is set in motion by a telephone call from, or on behalf of, the Covered Person. Contact the utilization review administrator Connected Care Services at 440-250-4300 **at least 48 hours before** services are scheduled to be rendered with the following information:

- The name of the patient and relationship to the covered Employee
- The name, employee identification number and address of the covered Employee
- The name of the Employer
- The name and telephone number of the attending Physician
- The name of the Medical Care Facility, proposed date of admission, and proposed length of stay
- The proposed medical services
- The proposed rendering of listed medical services

If there is an **emergency** admission to the Medical Care Facility, the patient, patient's family member, Medical Care Facility or attending Physician must contact Connected Care Services **within 2 business days** of the first business day after the admission. Notice may be given by the Hospital, admitting Physician, Covered Person, or a family member of the Covered Person.

The utilization review administrator will determine the number of days of Medical Care Facility confinement or use of other listed medical services authorized for payment. **Failure to follow this procedure may reduce reimbursement received from the Plan.**

If the Covered Person does not receive authorization as explained in this section, the benefit payment will be reduced by \$200.00.

Surgery. Notify the Utilization Review office at least ten (10) business days, or as soon as possible, before any scheduled Inpatient Surgery performed in a hospital setting.

Second Surgical Opinion. The Utilization Review office may require you to obtain a Second Surgical Opinion from a Physician who is not associated with the one who recommended the surgery. If the two opinions conflict, a third opinion may be required.

Weekend Admission Review. All weekend (Friday and Saturday) admissions will be reviewed. Coverage is limited to Medically Necessary admission.

Concurrent review, discharge planning. Concurrent review of a course of treatment and discharge planning from a Medical Care Facility are parts of the utilization review program. The utilization review administrator will monitor the Covered Person's Medical Care Facility stay or use of other medical services and coordinate with the attending Physician, Medical Care Facilities and Covered Person either the scheduled release or an extension of the Medical Care Facility stay or extension or cessation of the use of other medical services.

If the attending Physician feels that it is Medically Necessary for a Covered Person to receive additional services or to stay in the Medical Care Facility for a greater length of time than has been precertified, the attending Physician must request the additional services or days.

If the continued stay (hospital days which exceed the original certified length of stay) is not approved, charges for room and board will not be considered an eligible expense.

PREADMISSION TESTING SERVICE

The Medical Benefits percentage payable will be for diagnostic lab tests and x-ray exams when:

- (1) performed on an outpatient basis within seven days before a Hospital confinement;
- (2) related to the condition which causes the confinement; and
- (3) performed in place of tests while Hospital confined.

Covered Charges for this testing will be payable at 80% for In-Network services and 60% for Out-of-Network services even if tests show the condition requires medical treatment prior to Hospital confinement or the Hospital confinement is not required.

CASE MANAGEMENT

Case Management. The Plan may elect, in its sole discretion, when acting on a basis that precludes individual selection, to provide alternative benefits that are otherwise excluded under the Plan. The alternative benefits, called "Case Management," shall be determined on a case-by-case basis, and the Plan's determination to provide the benefits in one instance shall not obligate the Plan to provide the same or similar alternative benefits for the same or any other Covered Person, nor shall it be deemed to waive the right of the Plan to strictly enforce the provisions of the Plan.

A case manager consults with the patient, the family and the attending Physician in order to develop a plan of care for approval by the patient's attending Physician and the patient. This plan of care may include some or all of the following:

- personal support to the patient;
- contacting the family to offer assistance and support;
- monitoring Hospital or Skilled Nursing Facility;
- determining alternative care options; and
- assisting in obtaining any necessary equipment and services.

Case Management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The case manager will coordinate and implement the Case Management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Plan Administrator, attending Physician, patient and patient's family must all agree to the alternate treatment plan.

Once agreement has been reached, the Plan Administrator will direct the Plan to cover Medically Necessary expenses as stated in the treatment plan, even if these expenses normally would not be paid by the Plan. Unless specifically provided to the contrary in the Plan Administrator's instructions, reimbursement for expenses incurred in connection with the treatment plan shall be subject to all Plan limits and cost sharing provisions.

Note: Case Management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

DEFINED TERMS

The following terms have special meanings and when used in this Plan will be capitalized.

Active Employee is an Employee who is on the regular payroll of the Employer and who has begun to perform the duties of his or her job with the Employer on a full-time or part-time basis.

Ambulatory Surgical Center is a licensed facility that is used mainly for performing outpatient surgery, has a staff of Physicians, has continuous Physician and nursing care by registered nurses (R.N.s) and does not provide for overnight stays.

Birthing Center means any freestanding health facility, place, professional office or institution which is not a Hospital or in a Hospital, where births occur in a home-like atmosphere. This facility must be licensed and operated in accordance with the laws pertaining to Birthing Centers in the jurisdiction where the facility is located.

The Birthing Center must provide facilities for obstetrical delivery and short-term recovery after delivery; provide care under the full-time supervision of a Physician and either a registered nurse (R.N.) or a licensed nurse-midwife; and have a written agreement with a Hospital in the same locality for immediate acceptance of patients who develop complications or require pre- or post-delivery confinement.

Brand Name means a trade name medication.

Calendar Year means January 1st through December 31st of the same year.

Clean Claim means a claim form which has no defect or impropriety; does not lack any required substantiating documentation per the applicable health benefit plan necessary to enable TPA to determine whether a health care service or the recipient of such service is a Covered Service or Covered Person as defined in this Agreement; does not contain a defect that requires an investigation; or does not involve any particular circumstances requiring special treatment per the health benefit plan that prevents timely processing.

A Clean Claim must be submitted on a UB92 form (or its successor) and accurately contains all the following information: patient name, patient's date of birth, Member identification number, Hospital's name, address and tax ID number, date(s) of service or purchase, diagnosis narrative or ICD-9 code, procedure narrative or CPT-4 code, services and supplies provided, physician's name and license number, the Hospital's charges and any other attachments or information mutually agreed upon in writing by the Parties.

A Clean Claim has no billing errors. Examples of billing errors include but are not limited to duplicate charges, charges for supplies, medications, tests, or services that were not ordered or received, unbundled charges, charges for services that should be included in the room charge, charges for services that the patient refused, data entry, coding or keying errors, inaccurate operating room time, inaccurate number of days as admitted patient, and line items that do not meet criteria for appropriateness or exceed Maximum Allowable Charge of the Plan (as defined in the Plan).

Prompt payment deadlines will be initiated upon receipt of a Clean Claim and all required substantiating documentation.

A claim exceeding \$20,000 requires that an itemized bill be provided to the Plan before it can be considered a Clean Claim.

COBRA means the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

Contribution Agreement means an agreement an Employee signs that permits payroll deductions for Contributory Coverage.

Covered Charge(s) means those Medically Necessary services or supplies that are covered under this Plan.

Covered Person is an Employee, Retiree or Dependent who is covered under this Plan.

Creditable Coverage includes most health coverage, such as coverage under a group health plan (including COBRA continuation coverage), HMO membership, an individual health insurance policy, Medicaid, Medicare or public health plans.

Creditable Coverage does not include coverage consisting solely of dental or vision benefits.

Creditable Coverage does not include coverage that was in place before a significant break of coverage of 63 days or more. With respect to the Trade Act of 2002, when determining whether a significant break in coverage has occurred, the period between the trade related coverage loss and the start of the special second COBRA election period under the Trade Act, does not count.

Custodial Care is care (including Room and Board needed to provide that care) that is given principally for personal hygiene or for assistance in daily activities and can, according to generally accepted medical standards, be performed by persons who have no medical training. Examples of Custodial Care are help in walking and getting out of bed; assistance in bathing, dressing, feeding; or supervision over medication which could normally be self-administered.

Dental Care or Treatment means services or supplies for teeth and their supporting tissues and structures.

Durable Medical Equipment means equipment which (a) can withstand repeated use, (b) is primarily and customarily used to serve a medical purpose, (c) generally is not useful to a person in the absence of an Illness or Injury and (d) is appropriate for use in the home.

Emergency Services means a medical screening examination (as required under Section 1867 of the Social Security Act (EMTALA)) within the capability of the Hospital emergency department, including routine ancillary services, to evaluate a Medical Emergency and such further medical examination and treatment as are within the capabilities of the staff and facilities of the Hospital and required under EMTALA to stabilize the patient.

Employee means a person who is an Active, regular Employee of the Employer, regularly scheduled to work for the Employer in an Employee/Employer relationship.

Enrollment Date is the first day of coverage or, if there is a Waiting Period, the first day of the Waiting Period.

ERISA is the Employee Retirement Income Security Act of 1974, as amended.

Essential Health Benefits include, to the extent they are covered under the Plan, ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services, including behavioral health treatment; prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

Experimental and/or Investigational means services, supplies, care and treatment which does not constitute accepted medical practice properly within the range of appropriate medical practice under the standards of the case and by the standards of a reasonably substantial, qualified, responsible, relevant segment of the medical community or government oversight agencies at the time services were rendered.

The Plan Administrator must make an independent evaluation of the experimental/nonexperimental standings of specific technologies. The Plan Administrator shall be guided by a reasonable interpretation of Plan provisions. The decisions shall be made in good faith and rendered following a detailed factual background investigation of the claim and the proposed treatment. The decision of the Plan Administrator will be final and binding on the Plan. The Plan Administrator will be guided by the following principles:

- (1) if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished; or
- (2) if the drug, device, medical treatment or procedure, or the patient informed consent document utilized with the drug, device, treatment or procedure, was reviewed and approved by the treating facility's Institutional Review Board or other body serving a similar function, or if federal law requires such review or approval; or

- (3) if Reliable Evidence shows that the drug, device, medical treatment or procedure is the subject of on-going phase I or phase II clinical trials, is the research, experimental, study or Investigational arm of on-going phase III clinical trials, or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis; or
- (4) if Reliable Evidence shows that the prevailing opinion among experts regarding the drug, device, medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis.

Reliable Evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, service, medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, medical treatment or procedure.

Drugs are considered Experimental if they are not commercially available for purchase and/or they are not approved by the Food and Drug Administration for general use.

Family Unit is the covered Employee or Retiree and the family members who are covered as Dependents under the Plan.

Formulary means a list of prescription medications compiled by the third party payor of safe, effective therapeutic drugs specifically covered by this Plan.

Generic drug means a Prescription Drug which has the equivalency of the brand name drug with the same use and metabolic disintegration. This Plan will consider as a Generic drug any Food and Drug Administration approved generic pharmaceutical dispensed according to the professional standards of a licensed pharmacist and clearly designated by the pharmacist as being generic.

Genetic Information means information about the genetic tests of an individual or his family members, and information about the manifestations of disease or disorder in family members of the individual. A "genetic test" means an analysis of human DNA, RNA, chromosomes, proteins or metabolites, which detects genotypes, mutations or chromosomal changes. It does not mean an analysis of proteins or metabolites that is directly related to a manifested disease, disorder or pathological condition that could reasonably be detected by a health care professional with appropriate training and expertise in the field of medicine involved. Genetic information does not include information about the age or gender of an individual.

Home Health Care Agency is an organization that meets all of these tests: its main function is to provide Home Health Care Services and Supplies; it is federally certified as a Home Health Care Agency; and it is licensed by the state in which it is located, if licensing is required.

Home Health Care Plan must meet these tests: it must be a formal written plan made by the patient's attending Physician which is reviewed at least every 30 days; it must state the diagnosis; it must certify that the Home Health Care is in place of Hospital confinement; and it must specify the type and extent of Home Health Care required for the treatment of the patient.

Home Health Care Services and Supplies include: part-time or intermittent nursing care by or under the supervision of a registered nurse (R.N.); part-time or intermittent home health aide services provided through a Home Health Care Agency (this does not include general housekeeping services); physical, occupational and speech therapy; medical supplies; and laboratory services by or on behalf of the Hospital.

Hospice Agency is an organization where its main function is to provide Hospice Care Services and Supplies and it is licensed by the state in which it is located, if licensing is required.

Hospice Care Plan is a plan of terminal patient care that is established and conducted by a Hospice Agency and supervised by a Physician.

Hospice Care Services and Supplies are those provided through a Hospice Agency and under a Hospice Care Plan and include inpatient care in a Hospice Unit or other licensed facility, home care, and family counseling during the bereavement period.

Hospice Unit is a facility or separate Hospital Unit that provides treatment under a Hospice Care Plan and admits at least two unrelated persons who are expected to die within six months.

Hospital is an institution which is engaged primarily in providing medical care and treatment of sick and injured persons on an inpatient basis at the patient's expense and which fully meets these tests: it is accredited as a Hospital by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association Healthcare Facilities Accreditation Program; it is approved by Medicare as a Hospital; it maintains diagnostic and therapeutic facilities on the premises for surgical and medical diagnosis and treatment of sick and injured persons by or under the supervision of a staff of Physicians; it continuously provides on the premises 24-hour-a-day nursing services by or under the supervision of registered nurses (R.N.s); and it is operated continuously with organized facilities for operative surgery on the premises.

The definition of "Hospital" shall be expanded to include the following:

- A facility operating legally as a psychiatric Hospital or residential treatment facility for mental health and licensed as such by the state in which the facility operates.
- A facility operating primarily for the treatment of Substance Abuse if it meets these tests: maintains permanent and full-time facilities for bed care and full-time confinement of at least 15 resident patients; has a Physician in regular attendance; continuously provides 24-hour a day nursing service by a registered nurse (R.N.); has a full-time psychiatrist or psychologist on the staff; and is primarily engaged in providing diagnostic and therapeutic services and facilities for treatment of Substance Abuse.

Illness means a bodily disorder, disease, physical sickness or Mental Disorder. Illness includes Pregnancy, childbirth, miscarriage or complications of Pregnancy.

Injury means an accidental physical Injury to the body caused by unexpected external means.

Intensive Care Unit is defined as a separate, clearly designated service area which is maintained within a Hospital solely for the care and treatment of patients who are critically ill. This also includes what is referred to as a "coronary care unit" or an "acute care unit." It has: facilities for special nursing care not available in regular rooms and wards of the Hospital; special life saving equipment which is immediately available at all times; at least two beds for the accommodation of the critically ill; and at least one registered nurse (R.N.) in continuous and constant attendance 24 hours a day.

Late Enrollee means a Plan Participant who enrolls under the Plan other than during the first 31-day period in which the individual is eligible to enroll under the Plan or during a Special Enrollment Period.

Legal Guardian means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of a minor child.

Maximum Allowable Charge The maximum amount owed for services covered by the Plan.

Maximum Allowable Contracted Charge For purposes of providers who have entered into agreements with the Network Provider Organization applicable to the Generalized Services section of this Plan or have entered into agreements with the Plan for providing Specialized Services to Plan Participants, the Maximum Allowable Contracted Charge shall be the amount specified in such agreements.

Maximum Allowable Non-Contracted Charge For all other purposes, the Maximum Allowable Non-Contracted Charge shall be 150% of the charge allowed by Medicare at the time such services were rendered.

Medical Care Facility means a Hospital, a facility that treats one or more specific ailments or any type of Skilled Nursing Facility.

Medical Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity including severe pain such that a prudent layperson with average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in (1) serious jeopardy to the health of an individual (or, in the case of a pregnant woman, the health of the woman or her unborn child), (2) serious impairment to body functions, or (3) serious dysfunction of any body organ or part. A Medical Emergency includes such conditions as heart attacks, cardiovascular accidents, poisonings, loss of consciousness or respiration, convulsions or other such acute medical conditions.

Medical Non-Emergency Care means care which can safely and adequately be provided other than in a Hospital.

Medical or Dental Necessity: Medical Necessity and similar language refers to health care services ordered by a Physician exercising prudent clinical judgment provided to a Covered Person for the purposes of evaluation, diagnosis or treatment of that Covered Person's Sickness or Injury. Such services, to be considered Medically Necessary, must be clinically appropriate in terms of type, frequency, extent, site and duration for the diagnosis or treatment of the Covered Person's Sickness or Injury. The Medically Necessary setting and level of service is that setting and level of service which, considering the Covered Person's medical symptoms and conditions, cannot be provided in a less intensive medical setting. Such services, to "be considered Medically Necessary must be no more costly than -alternative interventions, including no intervention and are at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the Covered Person's Sickness or Injury without adversely affecting the Covered Person's medical condition.

- (1) It must not be maintenance therapy or maintenance treatment.
- (2) Its purpose must be to restore health.
- (3) It must not be Custodial Care.
- (4) It must not be a listed item or treatment not allowed for reimbursement by CMS (Medicare).
- (5) The Plan reserves the right to incorporate CMS (Medicare) guidelines in effect on the date of treatment as additional criteria for determination of Medical Necessity and/or an Allowable Expense.
- (6) It must be Appropriate Evidence Based Care.

Medically Necessary health care services, supplies, or treatment which is/are:

- (1) recommended, approved, or ordered by a Physician;
- (2) consistent with the patient's condition or accepted standards of good medical and dental practice;
- (3) not performed for the convenience of the patient or the Provider of medical and dental services;
- (4) not conducted for research purposes; and
- (5) is the most appropriate level of services which can be safely provided to the patient.

To be Medically Necessary, all of these criteria must be met. Merely because a Physician recommends, approves, or orders certain care does not mean that it is Medically Necessary. The determination of whether a service, supply, or treatment is or is not Medically Necessary may include findings of the American Medical Association and the Plan Administrator's own medical advisors. The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary.

HOW TO SUBMIT A CLAIM

Benefits under this Plan shall be paid only if the Plan Administrator decides in its discretion that a Covered Person is entitled to them. The Plan is obligated to pay Clean Claims.

When a Covered Person has a Claim to submit for payment that person must:

- (1) Obtain a Claim form from the Personnel Office, Human Resources Office or the Plan Administrator.
- (2) Complete the Employee portion of the form. ALL QUESTIONS MUST BE ANSWERED.
- (3) Have the Physician complete the provider's portion of the form.
- (4) For Plan reimbursements, attach bills for services rendered. ALL BILLS MUST SHOW:
 - Name of Plan
 - Employee's name
 - Name of patient
 - Name, address, telephone number of the provider of care
 - Diagnosis
 - Type of services rendered, with diagnosis and/or procedure codes
 - Date of services
 - Charges
- (5) Send the above to the Claims Administrator at this address:

Non-Network Claims To:	Network Claims To:

WHEN CLAIMS SHOULD BE FILED

Claims should be filed with the Claims Administrator within 365 days of the date charges for the service were incurred. Benefits are based on the Plan's provisions at the time the charges were incurred. Claims filed later than that date may be declined or reduced unless:

- (a) it's not reasonably possible to submit the claim in that time; and
- (b) the claim is submitted within one year from the date incurred. This one year period will not apply when the person is not legally capable of submitting the claim.

The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested from the claimant. The Plan reserves the right to have a Plan Participant seek a second medical opinion.

CLAIMS PROCEDURE

Following is a description of how the Plan processes claims for benefits and reviews the appeal of any claim that is denied. The terms used in this section are defined below.

A "Claim" is defined as any request for a Plan benefit, made by a claimant or by a representative of a claimant, which complies with the Plan's reasonable procedure for filing claims and making benefit claims determinations.

A "Claim" does not include a request for a determination of an individual's eligibility to participate in the Plan.

If a Claim is denied, in whole or in part, the denial is known as an "Adverse Benefit Determination."

The Plan is obligated to pay Clean Claims.

A claimant has the right to request a review of an Adverse Benefit Determination. This request is an "Appeal." If the Claim is denied at the end of the Appeal process, as described below, the Plan's final decision is known as a "Final Adverse Benefit Determination."

Both the Claims and the Appeal procedures are intended to provide a full and fair review.

A claimant must follow all Claims and Appeal procedures before he or she can file a lawsuit. If a lawsuit is brought, it must be filed within two years after the final determination of an Appeal.

Any of the authority and responsibilities of the Plan Administrator under the Claims and Appeal Procedures, including the discretionary authority to interpret the terms of the Plan, may be delegated to a third party. If you have any questions regarding these procedures, please contact the Plan Administrator.

There are different kinds of Claims and each one has a specific timetable for each step in the review process. Upon receipt of the Claim, the Plan Administrator must decide whether to approve or deny the Claim. The Plan Administrator's notification to the claimant of its decision must be made as shown in the timetable. However, if the Claim has not been filed properly, or if it is incomplete, or if there are other matters beyond the control of the Plan Administrator, the claimant may be notified that the period for providing the notification will need to be extended. If the period is extended because the Plan Administrator needs more information from the claimant, the claimant must provide the requested information within the time shown on the timetable. Once the Claim is complete, the Plan Administrator must make its decision as shown in the timetable. If the Claim is denied, in whole or in part, the claimant has the right to file an Appeal. Then the Plan Administrator must decide the Appeal and, if the Appeal is denied, provide notice to the claimant within the time periods shown on the timetable. The time periods shown in the timetable begin at the time the Claim or Appeal is filed in accordance with the Plan's procedures. Decisions will be made within a reasonable period of time appropriate to the circumstances, but within the maximum time periods listed in the timetables below. Unless otherwise noted, "days" means calendar days.

The definitions of the types of Claims are:

Urgent Care Claim

A Claim involving Urgent Care is any Claim for medical care or treatment where the Plan conditions receipt of benefits, in whole or in part, on approval in advance of obtaining the care or treatment, and using the timetable for a non-urgent care determination could seriously jeopardize the life or health of the claimant; or the ability of the claimant to regain maximum function; or in the opinion of the attending or consulting Physician, would subject the claimant to severe pain that could not be adequately managed without the care or treatment that is the subject of the Claim.

A Physician with knowledge of the claimant's medical condition may determine if a Claim is one involving Urgent Care. If there is no such Physician, an individual acting on behalf of the Plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine may make the determination.

In the case of a Claim involving Urgent Care, the following timetable applies:

Notification to claimant of Claim determination	72 hours
---	----------

Insufficient information on the Claim, or failure to follow the Plan's procedure for filing a Claim:

Notification to claimant, orally or in writing	24 hours
--	----------

Response by claimant, orally or in writing	48 hours
Benefit determination, orally or in writing	48 hours
Notification of Adverse Benefit Determination on Appeal	72 hours

If there is an Adverse Benefit Determination on a Claim involving Urgent Care, a request for an expedited Appeal may be submitted orally or in writing by the claimant. All necessary information, including the Plan's benefit determination on review, may be transmitted between the Plan and the claimant by telephone, facsimile, or other similarly expeditious method.

Concurrent Care Claims

A Concurrent Care Claim is a special type of Claim that arises if the Plan informs a claimant that benefits for a course of treatment that has been previously approved for a period of time or number of treatments is to be reduced or eliminated. In that case, the Plan must notify the claimant sufficiently in advance of the effective date of the reduction or elimination of treatment to allow the claimant to file an Appeal. This rule does not apply if benefits are reduced or eliminated due to Plan amendment or termination.

In the case of a Concurrent Care Claim, the following timetable applies:

Notification to claimant of benefit reduction	Sufficiently prior to scheduled termination of course of treatment to allow claimant to appeal
Notification to claimant of rescission	30 days
Notification of determination on Appeal of Urgent Care Claims	24 hours (provided claimant files Appeal more than 24 hours prior to scheduled termination of course of treatment)
Notification of Adverse Benefit Determination on Appeal for non-Urgent Claims	15 days

Pre-Service Claim

A Pre-Service Claim means any Claim for a benefit under this Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval in advance of obtaining medical care. These are, for example, Claims subject to pre-certification. Please see the Care Management section of this booklet for further information about Pre-Service Claims.

In the case of a Pre-Service Claim, the following timetable applies:

Notification to claimant of Adverse Benefit Determination	15 days
Extension due to matters beyond the control of the Plan	15 days
Insufficient information on the Claim:	
Notification of	15 days
Response by claimant	45 days
Notification, orally or in writing, of failure to follow the Plan's procedures for filing a Claim	5 days

Notification of Adverse Benefit Determination on Appeal	15 days per benefit appeal
Reduction or termination before the end of the treatment	15 days
Request to extend course of treatment	15 days

Post-Service Claim

A Post-Service Claim means any Claim for a Plan benefit that is not a Claim involving Urgent Care or a Pre-Service Claim; in other words, a Claim that is a request for payment under the Plan for medical services already received by the claimant.

In the case of a Post-Service Claim, the following timetable applies:

Notification to claimant of Adverse Benefit Determination	30 days
Extension due to matters beyond the control of the Plan	15 days
Extension due to insufficient information on the Claim	15 days
Response by claimant following notice of insufficient information	45 days
Notification of Adverse Benefit Determination on Appeal	30 days per benefit appeal

Notice to claimant of Adverse Benefit Determinations

If a Claim is denied in whole or in part, the denial is considered to be an Adverse Benefit Determination. Except with Urgent Care Claims, when the notification may be oral followed by written or electronic notification within three days of the oral notification, the Plan Administrator shall provide written or electronic notification of the Adverse Benefit Determination. The notice will state in a manner calculated to be understood by the claimant:

- (1) The specific reason or reasons for the adverse determination.
- (2) Reference to the specific Plan provisions on which the determination was based.
- (3) A description of any additional material or information necessary for the claimant to perfect the Claim and an explanation of why such material or information is necessary.
- (4) A description of the Plan's Appeal procedures, incorporating any voluntary appeal procedures offered by the Plan. This description will include information on how to initiate the Appeal and the time limits applicable to such procedures. This will include a statement of the claimant's right to bring a civil action under section 502 of ERISA following a Final Adverse Benefit Determination.
- (5) If the Adverse Benefit Determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol, or criterion was relied upon in making the Adverse Benefit Determination and a copy will be provided free of charge to the claimant upon request.
- (6) If the Adverse Benefit Determination is based on the Medical Necessity or Experimental or Investigational treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.

Appeals

When a claimant receives notification of an Adverse Benefit Determination, the claimant generally has 180 days following receipt of the notification in which to file a written request for an Appeal of the decision. However, for Concurrent Care Claims, the Claimant must file the Appeal prior to the scheduled

reduction or termination of treatment. A claimant may submit written comments, documents, records, and other information relating to the Claim.

If the claimant so requests, he or she will be provided, free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim.

A document, record, or other information shall be considered relevant to a Claim if it:

- (1) was relied upon in making the benefit determination;
- (2) was submitted, considered, or generated in the course of making the benefit determination, without regard to whether it was relied upon in making the benefit determination;
- (3) demonstrated compliance with the administrative processes and safeguards designed to ensure and to verify that benefit determinations are made in accordance with Plan documents and Plan provisions have been applied consistently with respect to all claimants; or
- (4) constituted a statement of policy or guidance with respect to the Plan concerning the denied treatment option or benefit.

The period of time within which a benefit determination on Appeal is required to be made shall begin at the time an Appeal is filed in writing in accordance with the procedures of the Plan. This timing is without regard to whether all the necessary information accompanies the filing.

The review shall take into account all comments, documents, records, and other information submitted by the claimant relating to the Claim, without regard to whether such information was submitted or considered in the initial benefit determination. The review will not afford deference to the initial Adverse Benefit Determination and will be conducted by a fiduciary of the Plan who is neither the individual who made the adverse determination nor a subordinate of that individual.

If the determination was based on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is Experimental, Investigational, or not Medically Necessary or appropriate, the fiduciary shall consult with a health care professional who was not involved in the original benefit determination. This health care professional will have appropriate training and experience in the field of medicine involved in the medical judgment. Additionally, medical or vocational experts whose advice was obtained on behalf of the Plan in connection with the initial determination will be identified.

If the Appeal of a Claim is denied, in whole or in part, the Claims Administrator shall provide written notification of the Adverse Benefit Determination on Appeal. The notice will state, in a manner calculated to be understood by the claimant:

- (1) The specific reason or reasons for the adverse determination.
- (2) Reference to the specific Plan provisions on which the determination was based.
- (3) A description of any additional material or information necessary for the claimant to perfect the Claim and an explanation of why such material or information is necessary.
- (4) A description of the Plan's review procedures, incorporating any voluntary appeal procedures offered by the Plan and the time limits applicable to such procedures. This will include a statement of the claimant's right to bring a civil action under section 502 of ERISA following an Adverse Benefit Determination on review.
- (5) A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim. "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U. S. Department of Labor Office."

- (6) If the Adverse Benefit Determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol, or criterion was relied upon in making the Adverse Benefit Determination and a copy will be provided free of charge to the claimant upon request.
- (7) If the Adverse Benefit Determination is based on the Medical Necessity or Experimental or Investigational treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.

Claims Appeal Procedure

In addition to the Claims and Appeals Procedures described above, the Plan permits filing an appeal with Appeals Committee for their review. The Appeals Committee meets quarterly to review and make final determinations on all appeal requests. All appeals must be in writing with a copy of the Explanation of Benefits form and any other correspondence with the Agent for Claim Services included. All appeals must be mailed to: AHEC Appeals Committee, Ms. Charlotte Johnson, Cossatot CC P. O. Box 960 DeQueen, AR 71832.

COORDINATION OF BENEFITS

Coordination of the benefit plans. Coordination of benefits sets out rules for the order of payment of Covered Charges when two or more plans -- including Medicare -- are paying. When a Covered Person is covered by this Plan and another plan, or the Covered Person's Spouse is covered by this Plan and by another plan or the couple's Covered children are covered under two or more plans, the plans will coordinate benefits when a claim is received.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Charges.

Benefit plan. This provision will coordinate the medical benefits of a benefit plan. The term benefit plan means this Plan or any one of the following plans:

- (1) Group or group-type plans, including franchise or blanket benefit plans.
- (2) Group practice and other group prepayment plans.
- (3) Federal government plans or programs. This includes, but is not limited to, Medicare and Tricare.
- (4) Other plans required or provided by law. This does not include Medicaid or any benefit plan like it That, by its terms, does not allow coordination.
- (5) No Fault Auto Insurance, by whatever name it is called, when not prohibited by law..

Allowable Charge. For a charge to be allowable it must be a Maximum Allowable Charge and at least part of it must be covered under this Plan.

In the case of HMO (Health Maintenance Organization) or other in-network only plans: This Plan will not consider any charges in excess of what an HMO or network provider has agreed to accept as payment in full. Also, when an HMO or network plan is primary and the Covered Person does not use an HMO or network provider, this Plan will not consider as an Allowable Charge any charge that would have been covered by the HMO or network plan had the Covered Person used the services of an HMO or network provider.

In the case of service type plans where services are provided as benefits, the reasonable cash value of each service will be the Allowable Charge.

Automobile limitations. When medical payments are available under vehicle insurance, the Plan shall always be considered the secondary carrier regardless of the individual's election under PIP (personal injury protection) coverage with the auto carrier.

Benefit plan payment order. When two or more plans provide benefits for the same Allowable Charge, benefit payment will follow these rules:

- (1) Plans that do not have a coordination provision, or one like it, will pay first. Plans with such a provision will be considered after those without one.
- (2) Plans with a coordination provision will pay their benefits up to the Allowable Charge:
 - (a) The benefits of the plan which covers the person directly (that is, as an employee, member or subscriber) ("Plan A") are determined before those of the plan which covers the person as a dependent ("Plan B").
 - (b) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers that person as a laid-off or Retired Employee. The benefits of a benefit plan which covers a person as a Dependent of an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers a person as a Dependent of a laid off or Retired Employee. If the other benefit plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule does not apply.

- (c) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired or a Dependent of an Employee who is neither laid off nor retired are determined before those of a plan which covers the person as a COBRA beneficiary.
- (d) When a child is covered as a Dependent and the parents are not separated or divorced, these rules will apply:
 - (i) The benefits of the benefit plan of the parent whose birthday falls earlier in a year are determined before those of the benefit plan of the parent whose birthday falls later in that year;
 - (ii) If both parents have the same birthday, the benefits of the benefit plan which has covered the parent for the longer time are determined before those of the benefit plan which covers the other parent.
- (e) When a child's parents are divorced or legally separated, these rules will apply:
 - (i) This rule applies when the parent with custody of the child has not remarried. The benefit plan of the parent with custody will be considered before the benefit plan of the parent without custody.
 - (ii) This rule applies when the parent with custody of the child has remarried. The benefit plan of the parent with custody will be considered first. The benefit plan of the stepparent that covers the child as a Dependent will be considered next. The benefit plan of the parent without custody will be considered last.
 - (iii) This rule will be in place of items (i) and (ii) above when it applies. A court decree may state which parent is financially responsible for medical and dental benefits of the child. In this case, the benefit plan of that parent will be considered before other plans that cover the child as a Dependent.
 - (iv) If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined above when a child is covered as a Dependent and the parents are not separated or divorced.
 - (v) For parents who were never married to each other, the rules apply as set out above as long as paternity has been established.
- (f) If there is still a conflict after these rules have been applied, the benefit plan which has covered the patient for the longer time will be considered first. When there is a conflict in coordination of benefit rules, the Plan will never pay more than 50% of Allowable Charges when paying secondary.
- (3) Medicare will pay primary, secondary or last to the extent stated in federal law. When Medicare would be the primary payer if the person had enrolled in Medicare, this Plan will base its payment upon benefits that would have been paid by Medicare under Parts A and B regardless of whether or not the person was enrolled under any of these parts. The Plan reserves the right to coordinate benefits with respect to Medicare Part D. The Plan Administrator will make this determination based on the information available through CMS. If CMS does not provide sufficient information to determine the amount Medicare would pay, the Plan Administrator will make reasonable assumptions based on published Medicare fee schedules.
- (4) If a Plan Participant is under a disability extension from a previous benefit plan, that benefit plan will pay first and this Plan will pay second.
- (5) The Plan will pay primary to Tricare and a State child health plan to the extent required by federal law.

Claims determination period. Benefits will be coordinated on a Calendar Year basis. This is called the claims determination period.

Right to receive or release necessary information. To make this provision work, this Plan may give or obtain needed information from another insurer or any other organization or person. This information may be given or obtained without the consent of or notice to any other person. A Covered Person will give this Plan the information it asks for about other plans and their payment of Allowable Charges.

Facility of payment. This Plan may repay other plans for benefits paid that the Plan Administrator determines it should have paid. That repayment will count as a valid payment under this Plan.

Right of recovery. This Plan may pay benefits that should be paid by another benefit plan. In this case this Plan may recover the amount paid from the other benefit plan or the Covered Person. That repayment will count as a valid payment under the other benefit plan.

Further, this Plan may pay benefits that are later found to be greater than the Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid.

Exception to Medicaid. In accordance with ERISA, the Plan shall not take into consideration the fact that an individual is eligible for or is provided medical assistance through Medicaid when enrolling an individual in the Plan or making a determination about the payments for benefits received by a Covered Person under the Plan.

THIRD PARTY RECOVERY PROVISION

RIGHT OF SUBROGATION AND REFUND

When this provision applies. The Covered Person may incur medical or dental charges due to Injuries which may be caused by the act or omission of a Third Party or a Third Party may be responsible for payment. In such circumstances, the Covered Person may have a claim against that Third Party, or insurer, for payment of the medical or dental charges. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any rights the Covered Person may have to Recover payments from any Third Party or insurer. This Subrogation right allows the Plan to pursue any claim which the Covered Person has against any Third Party, or insurer, whether or not the Covered Person chooses to pursue that claim. The Plan may make a claim directly against the Third Party or insurer, but in any event, the Plan has a lien on any amount Recovered by the Covered Person whether or not designated as payment for medical expenses. This lien shall remain in effect until the Plan is repaid in full.

The payment for benefits received by a Covered Person under the Plan shall be made in accordance with the assignment of rights by or on behalf of the Covered Person as required by Medicaid.

In any case in which the Plan has a legal liability to make payments for benefits received by a Covered Person, to the extent that payment has been made through Medicaid, the payment for benefits under the Plan shall be made in accordance with any state law that has provided that the state has acquired the rights of the Covered Person to the payments of those benefits.

The Covered Person:

- (1) automatically assigns to the Plan his or her rights against any Third Party or insurer when this provision applies; and
- (2) must repay to the Plan the benefits paid on his or her behalf out of the Recovery made from the Third Party or insurer.

Amount subject to Subrogation or Refund. The Covered Person agrees to recognize the Plan's right to Subrogation and reimbursement. These rights provide the Plan with a 100%, first dollar priority over any and all Recoveries and funds paid by a Third Party to a Covered Person relative to the Injury or Sickness, including a priority over any claim for non-medical or dental charges, attorney fees, or other costs and expenses. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any and all rights the Covered Person may have to recover payments from any responsible third party. Further, accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan the Covered Person's Third Party Claims.

Notwithstanding its priority to funds, the Plan's Subrogation and Refund rights, as well as the rights assigned to it, are limited to the extent to which the Plan has made, or will make, payments for medical or dental charges as well as any costs and fees associated with the enforcement of its rights under the Plan. The Plan reserves the right to be reimbursed for its court costs and attorneys' fees if the Plan needs to file suit in order to Recover payment for medical or dental expenses from the Covered Person. Also, the Plan's right to Subrogation still applies if the Recovery received by the Covered Person is less than the claimed damage, and, as a result, the claimant is not made whole.

When a right of Recovery exists, the Covered Person will execute and deliver all required instruments and papers as well as doing whatever else is needed to secure the Plan's right of Subrogation as a condition to having the Plan make payments. In addition, the Covered Person will do nothing to prejudice the right of the Plan to Subrogate.

Conditions Precedent to Coverage. The Plan shall have no obligation whatsoever to pay medical or dental benefits to a Covered Person if a Covered Person refuses to cooperate with the Plan's reimbursement and Subrogation rights or refuses to execute and deliver such papers as the Plan may require in furtherance of its reimbursement and Subrogation rights. Further, in the event the Covered Person is a minor, the Plan shall have no obligation to pay any medical or dental benefits incurred on account of Injury or Sickness caused by a responsible Third Party until after the Covered Person or his authorized legal representative obtains valid court recognition and approval of the Plan's 100%, first dollar reimbursement and Subrogation rights on all

Recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Defined terms: "Covered Person" means anyone covered under the Plan, including minor dependents.

"Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid to the Covered Person by way of judgment, settlement, or otherwise to compensate for all losses caused by the Injury or Sickness, whether or not said losses reflect medical or dental charges covered by the Plan. "Recoveries" further includes, but is not limited to, recoveries for medical or dental expenses, attorneys' fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages and any other recovery of any form of damages or compensation whatsoever.

"Refund" means repayment to the Plan for medical or dental benefits that it has paid toward care and treatment of the Injury or Sickness.

"Subrogation" means the Plan's right to pursue and place a lien upon the Covered Person's claims for medical or dental charges against the other person.

"Third Party" means any Third Party including another person or a business entity.

Recovery from another plan under which the Covered Person is covered. This right of Refund also applies when a Covered Person Recovers under an uninsured or underinsured motorist plan (which will be treated as Third Party coverage when reimbursement or Subrogation is in order), homeowner's plan, renter's plan, medical malpractice plan or any liability plan.

Rights of Plan Administrator. The Plan Administrator has a right to request reports on and approve of all settlements.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Under federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), certain Employees and their families covered under Arkansas Higher Education Consortium Benefits Trust (the Plan) will be entitled to the opportunity to elect a temporary extension of health coverage (called "COBRA continuation coverage") where coverage under the Plan would otherwise end. This notice is intended to inform Plan Participants and beneficiaries, in summary fashion, of their rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law.

The Plan Administrator is Arkansas Higher Education Consortium, P.O. Box 140, Hope, Arkansas, 71802, 1-800-777-5722, confidential fax 870-722-8504. COBRA continuation coverage for the Plan is administered by The J.P. Farley Corporation, 29055 Clemens Road, Westlake, Ohio 44145, 440-250-4300. Complete instructions on COBRA, as well as election forms and other information, will be provided by the Plan Administrator or its designee to Plan Participants who become Qualified Beneficiaries under COBRA.

What is COBRA continuation coverage? COBRA continuation coverage is the temporary extension of group health plan coverage that must be offered to certain Plan Participants and their eligible family members (called "Qualified Beneficiaries") at group rates. The right to COBRA continuation coverage is triggered by the occurrence of a life event that results in the loss of coverage under the terms of the Plan (the "Qualifying Event"). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated active employees who have not experienced a Qualifying Event (in other words, similarly situated non-COBRA beneficiaries).

Who can become a Qualified Beneficiary? In general, a Qualified Beneficiary can be:

- (1) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered Employee, the Spouse of a covered Employee, or a Dependent child of a covered Employee. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (2) Any child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, and any individual who is covered by the Plan as an alternate recipient under a qualified medical support order. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (3) A covered Employee who retired on or before the date of substantial elimination of Plan coverage which is the result of a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the Employer, as is the Spouse, surviving Spouse or Dependent child of such a covered Employee if, on the day before the bankruptcy Qualifying Event, the Spouse, surviving Spouse or Dependent child was a beneficiary under the Plan.

The term "covered Employee" includes any individual who is provided coverage under the Plan due to his or her performance of services for the employer sponsoring the Plan (e.g., common-law employees (full or part-time), self-employed individuals, independent contractor, or corporate director). However, this provision does not establish eligibility of these individuals. Eligibility for Plan Coverage shall be determined in accordance with Plan Eligibility provisions.

An individual is not a Qualified Beneficiary if the individual's status as a covered Employee is attributable to a period in which the individual was a nonresident alien who received from the individual's Employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason, an individual is not a Qualified Beneficiary, then a Spouse or Dependent child of the individual will also not be

considered a Qualified Beneficiary by virtue of the relationship to the individual. A domestic partner is not a Qualified Beneficiary.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

What is a Qualifying Event? A Qualifying Event is any of the following if the Plan provided that the Plan participant would lose coverage (i.e.: cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (1) The death of a covered Employee.
- (2) The termination (other than by reason of the Employee's gross misconduct), or reduction of hours, of a covered Employee's employment.
- (3) The divorce or legal separation of a covered Employee from the Employee's Spouse. If the Employee reduces or eliminates the Employee's Spouse's Plan coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a Qualifying Event even though the Spouse's coverage was reduced or eliminated before the divorce or legal separation.
- (4) A covered Employee's enrollment in any part of the Medicare program.
- (5) A Dependent child's ceasing to satisfy the Plan's requirements for a Dependent child (for example, attainment of the maximum age for dependency under the Plan).
- (6) A proceeding in bankruptcy under Title 11 of the U.S. Code with respect to an Employer from whose employment a covered Employee retired at any time.

If the Qualifying Event causes the covered Employee, or the covered Spouse or a Dependent child of the covered Employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event (or in the case of the bankruptcy of the Employer, any substantial elimination of coverage under the Plan occurring within 12 months before or after the date the bankruptcy proceeding commences), the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of COBRA are also met. For example, any increase in contribution that must be paid by a covered Employee, or the Spouse, or a Dependent child of the covered Employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

The taking of leave under the Family and Medical Leave Act of 1993 ("FMLA") does not constitute a Qualifying Event. A Qualifying Event will occur, however, if an Employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost.) Note that the covered Employee and family members will be entitled to COBRA continuation coverage even if they failed to pay the employee portion of premiums for coverage under the Plan during the FMLA leave.

What factors should be considered when determining to elect COBRA continuation coverage? You should take into account that a failure to continue your group health coverage will affect your rights under federal law. First, you can lose the right to avoid having pre-existing condition exclusions applied by other group health plans if there is more than a 63-day gap in health coverage and election of COBRA continuation coverage may help you avoid such a gap. Second, if you do not elect COBRA continuation coverage and pay the appropriate premiums for the maximum time available to you, you will lose the right to convert to an individual health insurance policy, which does not impose such pre-existing condition exclusions. Finally, you should take into account that you have special enrollment rights under federal law (HIPAA). You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your Spouse's employer) within 30 days after Plan coverage ends due to a Qualifying Event listed above. You will also have the same special right at the end of COBRA continuation coverage if you get COBRA continuation coverage for the maximum time available to you.

What is the procedure for obtaining COBRA continuation coverage? The Plan has conditioned the availability of COBRA continuation coverage upon the timely election of such coverage. An election is timely if it is made during the election period.

What is the election period and how long must it last? The election period is the time period within which the Qualified Beneficiary must elect COBRA continuation coverage under the Plan. The election period must begin not later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and ends 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date notice is provided to the Qualified Beneficiary of her or his right to elect COBRA continuation coverage. If coverage is not elected within the 60 day period, all rights to elect COBRA continuation coverage are forfeited.

Note: If a covered employee who has been terminated or experienced a reduction of hours qualifies for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 2002, and the employee and his or her covered dependents have not elected COBRA coverage within the normal election period, a second opportunity to elect COBRA coverage will be made available for themselves and certain family members, but only within a limited period of 60 days or less and only during the six months immediately after their group health plan coverage ended. Any person who qualifies or thinks that he and/or his family members may qualify for assistance under this special provision should contact the Plan Administrator for further information.

The Trade Act of 2002 also created a tax credit for certain TAA-eligible individuals and for certain retired employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. Recent changes in the law increased this assistance temporarily to 80%, and temporarily extended the period of COBRA continuation coverage for eligible individuals. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Consumer Contact Center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact.

Is a covered Employee or Qualified Beneficiary responsible for informing the Plan Administrator of the occurrence of a Qualifying Event? The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator or its designee has been timely notified that a Qualifying Event has occurred. The employer (if the employer is not the Plan Administrator) will notify the Plan Administrator of the Qualifying Event within 30 days following the date coverage ends when the Qualifying Event is:

- (1) the end of employment or reduction of hours of employment,
- (2) death of the employee,
- (3) commencement of a proceeding in bankruptcy with respect to the employer, or
- (4) enrollment of the employee in any part of Medicare.

IMPORTANT:

For the other Qualifying Events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you or someone on your behalf must notify the Plan Administrator or its designee in writing within 60 days after the Qualifying Event occurs, using the procedures specified below. If these procedures are not followed or if the notice is not provided in writing to the Plan Administrator or its designee during the 60-day notice period, any spouse or dependent child who loses coverage will not be offered the option to elect continuation coverage. You must send this notice to the COBRA Administrator.

NOTICE PROCEDURES:

Any notice that you provide must be ***in writing***. Oral notice, including notice by telephone, is not acceptable. You must mail, fax or hand-deliver your notice to the person, department or firm listed below, at the following address:

The J.P. Farley Corporation
29055 Clemens Road
Westlake, Ohio 44145

If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state:

- the **name of the plan or plans** under which you lost or are losing coverage,
- the **name and address of the employee** covered under the plan,
- the **name(s) and address(es) of the Qualified Beneficiary(ies)**, and
- the **Qualifying Event** and the **date** it happened.

If the Qualifying Event is a **divorce or legal separation**, your notice must include **a copy of the divorce decree or the legal separation agreement**.

Be aware that there are other notice requirements in other contexts, for example, in order to qualify for a disability extension.

Once the Plan Administrator or its designee receives ***timely notice*** that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage for their spouses, and parents may elect COBRA continuation coverage on behalf of their children. For each Qualified Beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that plan coverage would otherwise have been lost. If you or your spouse or dependent children do not elect continuation coverage within the 60-day election period described above, the right to elect continuation coverage will be lost.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights? If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the Plan Administrator or its designee, as applicable.

Is COBRA coverage available if a Qualified Beneficiary has other group health plan coverage or Medicare? Qualified beneficiaries who are entitled to elect COBRA continuation coverage may do so even if they are covered under another group health plan or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a Qualified Beneficiary's COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare or becomes covered under other group health plan coverage (but only after any applicable preexisting condition exclusions of that other plan have been exhausted or satisfied).

When may a Qualified Beneficiary's COBRA continuation coverage be terminated? During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (1) The last day of the applicable maximum coverage period.
- (2) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.

- (3) The date upon which the Employer ceases to provide any group health plan (including a successor plan) to any employee.
- (4) The date, after the date of the election, that the Qualified Beneficiary first becomes covered under any other Plan that does not contain any exclusion or limitation with respect to any pre-existing condition, other than such an exclusion or limitation that does not apply to, or is satisfied by, the Qualified Beneficiary.
- (5) The date, after the date of the election, that the Qualified Beneficiary first enrolls in the Medicare program (either part A or part B, whichever occurs earlier).
- (6) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) (i) 29 months after the date of the Qualifying Event, or (ii) the first day of the month that is more than 30 days after the date of a final determination under Title II or XVI of the Social Security Act that the disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer disabled, whichever is earlier; or
 - (b) the end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated non-COBRA beneficiaries, for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage? The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below:

- (1) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends 18 months after the Qualifying Event if there is not a disability extension and 29 months after the Qualifying Event if there is a disability extension.
- (2) In the case of a covered Employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries other than the covered Employee ends on the later of:
 - (a) 36 months after the date the covered Employee becomes enrolled in the Medicare program; or
 - (b) 18 months (or 29 months, if there is a disability extension) after the date of the covered Employee's termination of employment or reduction of hours of employment.
- (3) In the case of a bankruptcy Qualifying Event, the maximum coverage period for a Qualified Beneficiary who is the covered retiree ends on the date of the retiree's death. The maximum coverage period for a Qualified Beneficiary who is the covered Spouse, surviving Spouse or Dependent child of the retiree ends on the earlier of the Qualified Beneficiary's death or 36 months after the death of the retiree.
- (4) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, the maximum coverage period is the

maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.

- (5) In the case of any other Qualifying Event than that described above, the maximum coverage period ends 36 months after the Qualifying Event.

Under what circumstances can the maximum coverage period be expanded? If a Qualifying Event that gives rise to an 18-month or 29-month maximum coverage period is followed, within that 18- or 29-month period, by a second Qualifying Event that gives rise to a 36-months maximum coverage period, the original period is expanded to 36 months, but only for individuals who are Qualified Beneficiaries at the time of and with respect to both Qualifying Events. In no circumstance can the COBRA maximum coverage period be expanded to more than 36 months after the date of the first Qualifying Event. The Plan Administrator must be notified of the second Qualifying Event within 60 days of the second Qualifying Event. This notice must be sent to the COBRA Administrator in accordance with the procedures above.

How does a Qualified Beneficiary become entitled to a disability extension? A disability extension will be granted if an individual (whether or not the covered Employee) who is a Qualified Beneficiary in connection with the Qualifying Event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of COBRA continuation coverage. To qualify for the disability extension, the Qualified Beneficiary must also provide the Plan Administrator with notice of the disability determination on a date that is both within 60 days after the date of the determination and before the end of the original 18-month maximum coverage. This notice should be sent to the COBRA Administrator in accordance with the procedures above.

Does the Plan require payment for COBRA continuation coverage? For any period of COBRA continuation coverage under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Qualified beneficiaries will pay up to 102% of the applicable premium and up to 150% of the applicable premium for any expanded period of COBRA continuation coverage covering a disabled Qualified Beneficiary due to a disability extension. The Plan will terminate a Qualified Beneficiary's COBRA continuation coverage as of the first day of any period for which timely payment is not made.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments?
Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage? Timely Payment means a payment made no later than 30 days after the first day of the coverage period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered employees or Qualified Beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the Employer and the entity that provides Plan benefits on the Employer's behalf, the Employer is allowed until that later date to pay for coverage of similarly situated non-COBRA beneficiaries for the period.

Notwithstanding the above paragraph, the Plan does not require payment for any period of COBRA continuation coverage for a Qualified Beneficiary earlier than 45 days after the date on which the election of COBRA continuation coverage is made for that Qualified Beneficiary. Payment is considered made on the date on which it is postmarked to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan's requirement for the amount to be paid, unless the Plan notifies the Qualified Beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A "reasonable period of time" is 30 days after the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10% of the required amount.

IF YOU HAVE QUESTIONS

If you have questions about your COBRA continuation coverage, you should contact the COBRA Administrator. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and

phone numbers of Regional and District EBSA Offices are available through EBSA's website at www.dol.gov/ebsa.

KEEP YOUR PLAN ADMINISTRATOR INFORMED OF ADDRESS CHANGES

In order to protect your family's rights, you should keep the Human Resource Officer informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Human Resource Officer.

RESPONSIBILITIES FOR PLAN ADMINISTRATION

PLAN ADMINISTRATOR. Arkansas Higher Education Consortium Benefits Trust is the benefit plan of Arkansas Higher Education Consortium, the Plan Administrator, also called the Plan Sponsor. It is to be administered by the Plan Administrator in accordance with the provisions of ERISA. An individual or committee may be appointed by Arkansas Higher Education Consortium to be Plan Administrator and serve at the convenience of the Employer. If the Plan Administrator or a committee member resigns, dies or is otherwise removed from the position, Arkansas Higher Education Consortium shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator shall administer this Plan in accordance with its terms and establish its policies, interpretations, practices, and procedures. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits, to decide disputes which may arise relative to a Plan Participant's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator will be final and binding on all interested parties.

Service of legal process may be made upon the Plan Administrator.

DUTIES OF THE PLAN ADMINISTRATOR.

- (1) To administer the Plan in accordance with its terms.
- (2) To interpret the Plan, including the right to remedy possible ambiguities, inconsistencies or omissions.
- (3) To decide disputes which may arise relative to a Plan Participant's rights.
- (4) To prescribe procedures for filing a claim for benefits and to review claim denials.
- (5) To keep and maintain the Plan documents and all other records pertaining to the Plan.
- (6) To appoint a Claims Administrator to pay claims.
- (7) To perform all necessary reporting as required by ERISA.
- (8) To establish and communicate procedures to determine whether a medical child support order is qualified under ERISA Sec. 609.
- (9) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.

FIDUCIARY. A fiduciary exercises discretionary authority or control over management of the Plan or the disposition of its assets, renders investment advice to the Plan or has discretionary authority or responsibility in the administration of the Plan.

FIDUCIARY DUTIES. A fiduciary must carry out his or her duties and responsibilities for the purpose of providing benefits to the Employees and their Dependent(s), and defraying reasonable expenses of administering the Plan. These are duties which must be carried out:

- (1) with care, skill, prudence and diligence under the given circumstances that a prudent person, acting in a like capacity and familiar with such matters, would use in a similar situation;
- (2) by diversifying the investments of the Plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and
- (3) in accordance with the Plan documents to the extent that they agree with ERISA.

THE NAMED FIDUCIARY. A "named fiduciary" is the one named in the Plan. A named fiduciary can appoint others to carry out fiduciary responsibilities (other than as a trustee) under the Plan. These other persons

become fiduciaries themselves and are responsible for their acts under the Plan. To the extent that the named fiduciary allocates its responsibility to other persons, the named fiduciary shall not be liable for any act or omission of such person unless either:

- (1) the named fiduciary has violated its stated duties under ERISA in appointing the fiduciary, establishing the procedures to appoint the fiduciary or continuing either the appointment or the procedures; or
- (2) the named fiduciary breached its fiduciary responsibility under Section 405(a) of ERISA.

CLAIMS ADMINISTRATOR IS NOT A FIDUCIARY. A Claims Administrator is **not** a fiduciary under the Plan by virtue of paying claims in accordance with the Plan's rules as established by the Plan Administrator.

COMPLIANCE WITH HIPAA PRIVACY STANDARDS. Certain members of the Employer's workforce perform services in connection with administration of the Plan. In order to perform these services, it is necessary for these employees from time to time to have access to Protected Health Information (as defined below).

Under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Part 164, the "Privacy Standards"), these employees are permitted to have such access subject to the following:

- (1) **General.** The Plan shall not disclose Protected Health Information to any member of the Employer's workforce unless each of the conditions set out in this HIPAA Privacy section is met. "Protected Health Information" shall have the same definition as set out in the Privacy Standards but generally shall mean individually identifiable health information about the past, present or future physical or mental health or condition of an individual, including information about treatment or payment for treatment.
- (2) **Permitted Uses and Disclosures.** Protected Health Information disclosed to members of the Employer's workforce shall be used or disclosed by them only for purposes of Plan administrative functions. The Plan's administrative functions shall include all Plan payment and health care operations. The terms "payment" and "health care operations" shall have the same definitions as set out in the Privacy Standards, but the term "payment" generally shall mean activities taken with respect to payment of premiums or contributions, or to determine or fulfill Plan responsibilities with respect to coverage, provision of benefits, or reimbursement for health care. "Health care operations" generally shall mean activities on behalf of the Plan that are related to quality assessment; evaluation, training or accreditation of health care providers; underwriting, premium rating and other functions related to obtaining or renewing an insurance contract, including stop-loss insurance; medical review; legal services or auditing functions; or business planning, management and general administrative activities. Genetic information will not be used or disclosed for underwriting purposes.
- (3) **Authorized Employees.** The Plan shall disclose Protected Health Information only to members of the Employer's workforce who are designated and are authorized to receive such Protected Health Information, and only to the extent and in the minimum amount necessary for these persons to perform duties with respect to the Plan. For purposes of this HIPAA Privacy section, "members of the Employer's workforce" shall refer to all employees and other persons under the control of the Employer.
 - (a) **Updates Required.** The Employer shall amend the Plan promptly with respect to any changes in the members of its workforce who are authorized to receive Protected Health Information.
 - (b) **Use and Disclosure Restricted.** An authorized member of the Employer's workforce who receives Protected Health Information shall use or disclose the Protected Health Information only to the extent necessary to perform his or her duties with respect to the Plan.
 - (c) **Resolution of Issues of Noncompliance.** In the event that any member of the Employer's workforce uses or discloses Protected Health Information other than as permitted by the

Privacy Standards, the incident shall be reported to the privacy official. The privacy official shall take appropriate action, including:

- (i) Investigation of the incident to determine whether the breach occurred inadvertently, through negligence, or deliberately; whether there is a pattern of breaches; and the degree of harm caused by the breach;
- (ii) Applying appropriate sanctions against the persons causing the breach, which, depending upon the nature of the breach, may include, oral or written reprimand, additional training, or termination of employment;
- (iii) Mitigating any harm caused by the breach, to the extent practicable; and
- (iv) Documentation of the incident and all actions taken to resolve the issue and mitigate any damages.

(4) Certification of Employer. The Employer must provide certification to the Plan that it agrees to:

- (a) Not use or further disclose the Protected Health Information other than as permitted or required by the Plan documents or as required by law;
- (b) Ensure that any agent or subcontractor, to whom it provides Protected Health Information received from the Plan, agrees to the same restrictions and conditions that apply to the Employer with respect to such information;
- (c) Not use or disclose Protected Health Information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer;
- (d) Report to the Plan any use or disclosure of the Protected Health Information of which it becomes aware that is inconsistent with the uses or disclosures hereunder or required by law;
- (e) Make available Protected Health Information to individual Plan members in accordance with Section 164.524 of the Privacy Standards;
- (f) Make available Protected Health Information for amendment by individual Plan members and incorporate any amendments to Protected Health Information in accordance with Section 164.526 of the Privacy Standards;
- (g) Make available the Protected Health Information required to provide any accounting of disclosures to individual Plan members in accordance with Section 164.528 of the Privacy Standards;
- (h) Make its internal practices, books and records relating to the use and disclosure of Protected Health Information received from the Plan available to the Department of Health and Human Services for purposes of determining compliance by the Plan with the Privacy Standards;
- (i) If feasible, return or destroy all Protected Health Information received from the Plan that the Employer still maintains in any form, and retain no copies of such information when no longer needed for the purpose of which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information unfeasible; and
- (j) Ensure the adequate separation between the Plan and member of the Employer's workforce, as required by Section 164.504(f)(2)(iii) of the Privacy Standards.

Members of Arkansas Higher Education Consortium's workforce are designated as authorized to receive Protected Health Information from Arkansas Higher Education Consortium Benefits Trust ("the Plan") in order to perform their duties with respect to the Plan. Contact your Human Resources Department for active list.

COMPLIANCE WITH HIPAA ELECTRONIC SECURITY STANDARDS. Under the Security Standards for the Protection of Electronic Protected Health Information (45 CFR Part 164.300 et. seq., the "Security Standards"), the Employer agrees to the following:

- (1) The Employer agrees to implement reasonable and appropriate administrative, physical and technical safeguards to protect the confidentiality, integrity and availability of Electronic Protected Health Information that the Employer creates, maintains or transmits on behalf of the Plan. "Electronic Protected Health Information" shall have the same definition as set out in the Security Standards, but generally shall mean Protected Health Information that is transmitted by or maintained in electronic media.
- (2) The Employer shall ensure that any agent or subcontractor to whom it provides Electronic Protected Health Information shall agree, in writing, to implement reasonable and appropriate security measures to protect the Electronic Protected Health Information.
- (3) The Employer shall ensure that reasonable and appropriate security measures are implemented to comply with the conditions and requirements set forth in Compliance With HIPAA Privacy Standards provisions (3) Authorized Employees and (4) Certification of Employers described above.

FUNDING THE PLAN AND PAYMENT OF BENEFITS

The cost of the Plan is funded as follows:

For Employee Coverage: Funding is derived from the contributions of the Employer and Employees.

For Dependent Coverage: Funding is derived from contributions of the Employer and Employees.

Benefits are paid directly from the Plan through the Claims Administrator.

PLAN IS NOT AN EMPLOYMENT CONTRACT

The Plan is not to be construed as a contract for or of employment.

CLERICAL ERROR

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money. In the case of a Plan Participant, the amount of overpayment may be deducted from future benefits payable.

AMENDING AND TERMINATING THE PLAN

If the Plan is terminated, the rights of the Plan Participants are limited to expenses incurred before termination.

The Employer reserves the right, at any time, to amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the Trust agreement (if any).

CERTAIN PLAN PARTICIPANTS RIGHTS UNDER ERISA

Plan Participants in this Plan are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA specifies that all Plan Participants shall be entitled to:

Examine, without charge, at the Plan Administrator's office, all Plan documents and copies of all documents governing the Plan, including a copy of the latest annual report (form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.

Continue health care coverage for a Plan Participant, Spouse, or other dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event. Employees or dependents may have to pay for such coverage.

Review this summary plan description and the documents governing the Plan or the rules governing COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for Pre-Existing Conditions under this group health Plan, if an Employee or dependent has Creditable Coverage from another plan. The Employee or dependent should be provided a certificate of Creditable Coverage, free of charge, from the group health plan or health insurance issuer when coverage is lost under the plan, when a person becomes entitled to elect COBRA continuation coverage, when COBRA continuation coverage ceases, if a person requests it before losing coverage, or if a person requests it up to 24 months after losing coverage. Without evidence of Creditable Coverage, a Plan Participant may be subject to a Pre-Existing Conditions exclusion for 12 months (18 months for Late Enrollees) after the Enrollment Date of coverage.

If a Plan Participant's claim for a benefit is denied or ignored, in whole or in part, the participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps a Plan Participant can take to enforce the above rights. For instance, if a Plan Participant requests a copy of Plan documents or the latest annual report from the Plan and does not receive them within 30 days, he or she may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and to pay the Plan Participant up to \$110 a day until he or she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Plan Participant has a claim for benefits which is denied or ignored, in whole or in part, the participant may file suit in state or federal court.

In addition, if a Plan Participant disagrees with the Plan's decision or lack thereof concerning the qualified status of a medical child support order, he or she may file suit in federal court.

In addition to creating rights for Plan Participants, ERISA imposes obligations upon the individuals who are responsible for the operation of the Plan. The individuals who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Plan Participants and their beneficiaries. No one, including the Employer or any other person, may fire a Plan Participant or otherwise discriminate against a Plan Participant in any way to prevent the Plan Participant from obtaining benefits under the Plan or from exercising his or her rights under ERISA.

If it should happen that the Plan fiduciaries misuse the Plan's money, or if a Plan Participant is discriminated against for asserting his or her rights, he or she may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Plan Participant is successful, the court may order the person sued to pay these costs and fees. If the Plan Participant loses, the court may order him or her to pay these costs and fees, for example, if it finds the claim or suit to be frivolous.

If the Plan Participant has any questions about the Plan, he or she should contact the Plan Administrator. If the Plan Participant has any questions about this statement or his or her rights under ERISA, including COBRA or the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, that Plan Participant should contact either the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) or visit the EBSA website at www.dol.gov/ebsa/. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

PLAN DOCUMENT LIMITATIONS

In the event that due to circumstances not within the commercially allowable control of AHEC and The J.P. Farley Corporation, including but not limited to, a major disaster, epidemic, the complete or partial destruction of facilities, computer failures, or Viruses, riot, civil insurrection, disability of a significant part of the plan providers' personnel or similar causes, the rendering of professional or hospital services covered under this Plan is delayed or rendered impractical, AHEC and The J.P. Farley Corporation shall make a good faith effort to arrange for an alternative method of providing coverage. AHEC and The J.P. Farley Corporation and plan providers shall incur no liability or obligation for delay, or failure to provide or arrange for services if such failure or delay is caused by such an event.

PLAN IS SUBJECT TO MICHELLE'S LAW

Dependent students under the terms of the Plan who take a Physician certified medically necessary leave of absence from a postsecondary educational institution (college, university, or vocational school) due to a serious illness or injury will have coverage the earlier of one year from the first day of the medical leave of absence or the date on which the coverage otherwise would terminate.

PARTICIPANT REVIEW PROGRAM

Following submission of a claim, the Participant will receive an Explanation of Benefits. The Explanation of Benefits will detail dates of service, type of medical care and the provider of the care. The Participant should also receive an invoice or statement from the provider itemizing the items submitted to the Plan Supervisor for payment. The invoice should be reviewed by the Participant to detect any errors or mistakes in the billing. Examples of errors or mistakes are billing for services not rendered, incorrect diagnosis and duplication of charges. If the Participant detects an error or mistake, on any bill of \$1,000.00 or more, and the result is a reduction in the charge for services, the Plan will recalculate the benefit payment and reimburse the Participant 25% of the difference between the original benefit payment and the new payment resulting from detection of the error or mistake.

The Participant Review Program is applicable following claim submission and processing by the Plan Supervisor. No reimbursement shall be made for detection of errors or mistakes made by the Plan Supervisor in the payment of claims.

TERMINATION OF PLAN

The Planholder may terminate this Plan at any time of providing written notice to the Covered Employees. Such termination will become effective on the date set forth in such notice.

Written Notice - Any written notice required under this Plan, which, as of the effective date, is in conflict with the law of any governmental body, or agency, which has jurisdiction over this Plan, shall be interpreted to conform to the minimum requirement of such law.

Waivers - The failure of the Planholder to strictly enforce any provision of this Plan shall not be construed as a waiver of the provision. Rather, the Planholder reserves the right to strictly enforce each and every provision of this Plan at any time regardless of the prior conduct of the Planholder and regardless of the similarity of the circumstances or the number of prior occurrences.

Worker's Compensation - This Plan is not provided in lieu of nor does it affect any requirement for coverage by worker's compensation insurance.

Miscellaneous - Section titles are for conveniences of reference only and are not to be considered in interpreting this Plan.

No failure to enforce any provision of this Plan shall affect the right thereafter to enforce such provision, nor shall such failure affect its right to enforce any other provision of this Plan.

GENERAL PLAN INFORMATION

TYPE OF ADMINISTRATION

The Plan is a self-funded group health Plan and the administration is provided through a Third Party Claims Administrator. The funding for the benefits is derived from the funds of the Employer and contributions made by covered Employees. The Plan is not insured.
